INVADING ARMY CROSSES THE MEXICAN BORDER WITH PRECISION AND DISPATCH

Imposing Column of 3500 U.S. Troops Departs From Columbus on First Leg of the Villa Hunt-Camp 5 Miles Inland.

By CLAIR KENAMORE,

COLUMBUS, N. M., March 16.-The column of American troops which en tered Mexico yesterday from Columbu camped near Palomas, Chihuahua, abou five miles from the American border There is good water there. The unit Mexico.

blumbus at noon and soon crossed the 3500 men was led by the Thirteenth Cavalry. The place of honor was given t which suffered most at Villa's Prospects today were that the American public will have to content itself and which had fought him by the blaze of the burning buildings in Columbus

Gen. Pershing With Brigades. With the headquarters staff of the eighth brigade rode Gen. John J. Pershing, a fine figure of a soldier-lean, drawn, hawk-eyed.

The various units packed up and as embled with cleanliness and order. They fell into their places in the column and moved away with a precision and sweep that thrilled spectators. The road that leads to Mexico is : low railroad fill, on which the rails ere never laid. On either side is the depression made by the dirt scooped up building the road. At 11 a. m. on both sides of this road for half a mile and a half a mile back from the road were parked the wagons, motors and feld equipment, and riding on the saduns of the expedition.

At 11:30 the column began to form. rom its camp where it has been so ong, and which last Thursday night was filled with Villa cops, came the Chirteenth Cavalry on the trot, the ad-

vance troop led by Capt. Williams. As the cavalry swung down the road dust arose which obscured all vision to the west. Half a mile elow camp the men were already gray w! thick alkali. After the cavalry swung

in the field guns.

They came from due east of the road frove at a brisk trot across the little depression by the road, took the short irve dashingly, straightened out the six-mule team without losing a step. and whisked the six-foot guns around as a dancer would her skirt. Three

Then came the wagons of the cavalry and artillery, carrying provender for horses and men, and the more sin ister food for the guns. Other cavalry bodies came, more a

nen rode on each caisson

and always wagons. It was impostible to estimate the number, but with the proper and rather brief intervals beween the branches, the line of wagons extended more than two miles. The cavalry already was well onto

Mexican soil before the last of the transports had swung onto the highroad and eaded for the border gate. The long will assemble their machines and problack line crawling across the arid land ceed to whatever point in Mexico Gen. was all across the border by 2 p. m. guard the bridge. sorship ordered by Gen. Funston was to mystify Francisco Villa, it is known that it also was in the nature of a mil the attitude of American newspapers and people toward such methods. That it met without any sort of objection and in many cases was freely indorsed by newspapers was a surprise to Gen. Fun-

ston, who had said when he announce

'ne secrecy plans: "I suppose they haul me into court for this.' Gen. Funston today voiced his satiseaction that, after the public fully unno expressions of impatience at the are of the expeditionary force to make an earlier start.

It was generally felt in army circles that, in consuming only a week in preparing for the search after Villa and at the same time for the defense of the border, the Southern Department had done fast work. There was a shortage of rolling stock in many sections; there was no large force available at any particular point, supplies had to be trans-ported and mounts for the cavalry had to be added.

Col. George J. Dodd, heading a smaller column that entered Mexico some distance west of Columbus, also is mov-ing in a southerly direction and these two forces should be within touch of each other before the end of the week By that time, it is expected, an infantry support will hold the lines of communication along which motor trucks for the transportation of ammunition and supplies will be operated.

Although the censorship imposed b Gen. Funston has been relaxed some what, efforts still are made to keep se paign, the exact number of men en gaged, and their actual locations. Gen, Pershing's report of his entrance

into Mexico served to dispel to a great extent fears that had been entertained be offered by the troops of the de facto Government. Col. Bertani, the commanding officer of the Carranza garrison at Palomas, on the south side of the dividing line, promptly joined Gen. Fershing. His force was only some 400 men, but they were reported to have displayed willingness and even eagerness to join in the chase. As a body the Mexican troops will remain under heir own commander, but a number of them are being employed as scouts by

No Limit on Operations. Gen. Pershing has gone into Mexico with orders to overtake and wipe ou Villa and his organization. Unless or ders to the contrary are received from those higher in authority than Gen. Funston, the campaign that was begutoday will continue until Villa is cap tured or killed. This, it was said Gen. Funston's headquarters, is the idea. the line. No limits have been placed on he field of operations. After the cam paign is well under way, it was pointed ions, but just now the troops are pre pared to go anywhere to carry out the

President's orders. Gen. Funston regarded the situation optimistically. He appeared to have no doubts that the men in the field render good accounts of themselves in work undertaken and he was hope ful that Villa would be forced into a orner at an early date.

There are now available in this department for operations in Mexico mor than 20,000 troops, and if the plans for recruiting the companies to ful are carried out this number will, it is expected, be quickly increased. fantry in most cases in order to furnish Villa, although in the expedition that went in there is a considerable force of artillery which can be reinforced at any time by several more batteries that now are held on the American side within easy distance of the border,

If the exact whereabouts of Villa are known at army headquarters, the fact been disclosed. Generally it is believed that he has moved southward towards the Guerrero district in the foothills of the Sierra Madres, but reports from Mexican sources indicate that the defacto government troops will do their best to turn him northward toward the advancing American column.

Expect Frequent Fights. Bands affiliated with Villa in othe parts of Northern Mexico have not indicated their intentions, but brisk activity their part will be no surprise to the merican army officers. It is anticipated that in chasing Villa these bands ernment at Washington his eight aero will have to be met from time to time planes and as many aviators for use

communicating with Gen. Funston, Gen. Pershing has taken with him a wireless set. The field radiograms, it facto government to come to Mexico Paso station and forwarded there.

Rules for Correspondents With Expedition to Mexico

OLLOWING are the "Regulations concerning correspondents with the United States army in the field" which were adopted by the War Department April 24, 1914, which was a short time before the occupation of Vera Cruz by United States troops. These are the regulations which govern correspondents accompanying the army expedition into Mexico.

doubted public function to perform with respect to the collection and operations of the army in time of war. The dissemination of falsehoods, or the equally reprehensible distortion of facts, no less than the premature disclosure of movements or plans, is so fraught with dangerous consequences that all right minded men agree that the greatest care should be observed in this matter. It is a fact that the press occupies a dual and delicate position being under the necessity of truthfully disclosing to the people the facts concerning the operations of the army, and at the same time of refraining from disclosing those things which, though true, would be disastrous to us if known to the anemy. It is perfectly apparent to everyone who considers the question that these important functions cannot be trusted to irresponsible people, and can only be properly performed under reasonable rules and regulations with respect thereto.

Preface.-The press has an un-

The Secretary of War, in conjunc tion with newspaper men of responsibility, has been considering this question for some time with a view to its proper treatment. The accompanying rules and regulations concarning correspondents in the field are the result. It is the hope of the Secretary that the newspaper press of the country will join with him in carrying out these regulations in the spirit in which they are conceived. The lack of any such proper rules and regulations resulted in the unfortunate state of confusion that existed with respect to this matter during the Spanish-American War. It the future that this matter has been when calmness, rather than disturbance, could guide us in reaching a proper understanding and in the making of the proper provisions.

1. Conditions of Acceptance. wires shall be open to the correspondents' dispatches when not occu-Each applicant shall present to the Secretary of War credentials from spondents' dispatches will be sent in the owner or owners, managing edithe order of filing. VON TIRPITZ OUT; KAISER'S STAND SAID TO BE CAUSE

Emperor Reported to Have Refused to Extend Submarine War Into Merciless Campaign Against All Shipping to Enemies.

Development Is Taken to Indicate That He Is Determined Not to Provoke Break With the U. S.

Violent Attack on German Ruler's Attitude by Admiral's Friends in Reichstag Is Forecast.

BERLIN, March 16. by wireless to Sayville .- "In some quarters," say the ami-official Overseas News Agency, to day, "the belief prevails that the resignation of Admiral von Tirpitz as Minister of Marine was connected with Emperor William's decision not to extend submarine warfare beyond the limits nnounced to neutrals in the German Government's memorandum, and not to

direct it against neutral ships."
"Admiral von Capelle's appointment Minister of Marine is not of im portance in relation to the question of ubmarine warfare," the news agenc continues, "since the direction of nava varfare is in the hands of the Chief o the Admiralty.

"The resignation of Admiral von Tir pitz is much commented on, because f his successful activity in fostering naval construction. Admiral von Capelle ong has been familiar with affairs of the Marine Department, especially or ganization of naval construction, in which he was the most capable collabo rator of Admiral von Tirpitz. He suc cessfully represented the Marine De efore the Reichstag, where he obtained the funds necessary for

REICHSTAG FIGHT OVER ATTITUDE OF KAISER EXPECTED

WASHINGTON, March / 16.-Emperor break with the United States in the new submarine campaign, even though it involves a factional downfall of Grand Admiral von Tirpitz himself, is indi-

The tone of these dispatches from the German capital, although veiled, is taken here to prove the supremacy of the Emperor, Chancellor von Bethmann-Hollweg, Foreign Minister von Jagow and the army, which has been opposing the plan of Admiral von Tirpitz and the navy party to carry the submarine campaign to a merciless destruction of

all neutral shipping to enemy ports.

Showing the decision of the Emperor and his supporters to reject a submarine policy practically certain to bring about break in relations with the United States, if not actual war, the development is regarded here as a potent augury for a peaceful solution of the siton with Germany. By some it is rement toward the continuance of good relations between the countries that has come about since the period of strained lations began almost a year ago.
Berlin Censor Passes News.

The passage of today's Berlin dis-patches by the German censor is regarded as showing the desire of the German Foreign Office to prepare the For Piles American people for such a contest in the Reichstag as was recently seen in Congress over the armed ship question

It is believed that the contest will result in harsh attacks upon the United Treatment Will Be Just Like States and the German Government it. Meeting a Good Old Friend. self by the Von Tirpitz element, and for that reason officials and diplomats reading between the lines, foresee an intention to prepare the United States for what is expected to develop as a result of the Emperor's decision not to offend this country. About a fortnight ago, it is under-

stood, a conference was held in Berlin, presided over by the Emperor himself and attended, among others, by Chan cellor yon Bethmann-Hollweg, Herr von Jagow and Gen. von Falkenhayn. miral von Tirpitz himself was called The discussion turned on submarine warfare generally, and particularly on the attitude of the United States. Subsequent events in the American 'ongress were forecast with remark-

The general understanding was that was the Emperor himself who de-cided that every effort should be made to retain the friendship of the United States, short of abandoning any principles involving the honor of the German

You Tirpita's, Plans Rejected, The result was the rejection of the proposed extension of submarine warfare to affect neutral nations. Von Tirpitz's retirement followed naturally the rejection of the plans he had fathered. is realized in Washington that Ber-lin is now to witness a conflict between the Emperor and a powerful element in

the Reichstag, wrought up to a high pitch of indignation over the condemna tion of the Von Tirpitz plans.

Today's Berlin dispatches saying tha

lierr you Jagow spurned the advers to show that in the contest the Emperor may find himself even in the pos ion of antagonism to a majority of his two beloved Prussians.

The German Government is reliab

represented as having no intention leparting from its amounced policy egarding armed merchantmen of the time it will shape its campaign so as

TO THE SENATE TOMORROW REALTY MAN ON ARMY BILL TO BE REPORTED

in Chamberlain Menture That

Provides for Increases.
WASHINGTON, March 16.—Nation defense legislation took another e Military Affairs Committee com eted consideration of the Chamber lain army reorganization bill and ordered it to be reported to the Sen ate tomorrow. The committee ons of the bill.

The Senate bill, in its fundamentals. would add to the army 14 regiments of field artillery, bringing it up to O regiments: increase the infantra regiments to 64; cavalry regiments to increase the coast artillery to 30,000 men and make generous i creases in engineer corps and signal

Enlistment after July / 1, 1916. would be for six years, three with the colors and three in the reserves, to be composed of men who had received regular army training or those spe ially qualified for scientific and engineering duties.

CARDINAL MERCIAR BELIEVES BELGIUM WILL BE VICTORIOUS

Moral Victory by Sacrifice for

France, Fagiand and Russia. BERLIN, via London, March 16,-Ge an officials in Brussels report that Cardinal Merciar, on his return recently from Rome, issued a pastoral letter ealing with the political topics of the hour. In it he says that if he one doubted of final victory, his faith has now been restored as a result of hi conversations with North Americans and South Americans who have inspired his with unshakeable confidence in Bel gium's victory.

"One ground of his faith, ' says th German report, "is that God can sen! n epidemic to destroy the best and nost successful army. The Cardinal efrains from mentioning Germany. He says that Belgiom has already gained a and was not a valid deed of any roral victory by sacrificing herself for England, France and Russia."

TRIAL FOR FRAUD HAS RIGHTED DEED

Alleged Worthless Paper Given by Jesse T. Daniel to W. B. Temm Now Valid.

When Jesse T. Daniel went to trial oday in Judge Kimmel's court, on the charge of obtaining money by false prtenses, through a purported deed of trust, it was learned that he had made restitution to the prosecuting witness. the exposure of the A. H. Frederick and Charles C. Crone deed of trust frauds last spring, is charged with obtaining \$632.75 from William Brantner Temm dentist, through the sale of what pur ported to be a first deed of trust on

ot in Vinita Park. The only case of this character re maining, besides that of Daniel, is the ase of Charles C. Nicholls, who is ac used of embezzlement in connecti set for April 4, in Judge Grimm's court Temm, the prosecuting witness, is expected to testify that he paid Daniel sented to him to be a first deed trust for \$650 on the property of Mil-dred and J. F. Lefter in Vinita Park.

Found Deed to Be Invalid. After the purchase, Temm is expected to testify, he notified the Leflers that e owned the deed, and they replied that there was some mistake. Temm men, to make an investigation, and Dowling found, it is charged, that on deed on the property had already bee by Temm could not be a first deed. Since Daniel's indictment, it was learned today. Daniel has taken up the previous deed on the property, paying off the indebtedness, and by so doing has made Temm's deed a valid one.

Fact Said Not to Be Admissible. Daniel's lawyer, Patrick H. Culle as asked by a Post-Dispatch reporter whether he would attempt to introduce this fact in Daniel's defense. He replied that he would not outline his de tense in advance. Assistant Circuit Atov Capt. McNamee a week ago to catch torney, Moore said, however, that such norning newspaper from the front missible in the case, for the reason that

Hurt in Crash of Autos.

ard. Chief Engineer for the City og steal the paper three consecutive Building Department, was cut on the mornings and then run away too fast for any policeman on foot to follow.

The Post-Dispatch is the only evening newscaper in St Louis that receives or publishes to the property of the United Railways.

FACTS (not mere theories) (not guesswork)

Are the bed-rock foundation on which local and national advertisers base their estimates of the worth of an advertising medium—and as a result

Advertisers Buy More Space in the

ST. LOUIS POST-DISPATCH

Than All Other St. Louis Newspapers Combined

THE FEBRUARY RECORDS SHOW: (Comparing February, 1916, with February, 1915)

That in volume of HOME MERCHANTS' advertising The POST-DISPATCH ALONE Gained 347 cols. All Four Other St. Louis Newspapers Combined Gained 309 cols.

Excess Gain of Post-Dispatch Over All Four 38 cols. And in Amount of TOTAL PAID Advertising (Less Cheap Legal)

The POST-DISPATCH ALONE Gained 522 cols. All Four Other St. Louis Newspapers Combined Gained 439 Cols. Excess Gain of Post-Dispatch Over All Four 83 cols.

Viewed from every angle, the St. Louis POST-DISPATCH towers above all competition-it is the logical newspaper in which to concentrate local and foreign advertising campaigns.

"First in Everything"

The circulation of the SUNDAY POST-DISPATCH is 30 per cent larger than that of all other St. Louis Sunday English newspapers combined—as shown by the figures of the Audit Bureau of Circulations.

Sypographical President Wants Action on Charges Against State Capitol Commission.

WHY HE IGNORES

Charles Hertenstein, president of the St. Louis Typographical Union, has sent a letter to Gov. Major, asking why the Governor has failed to make answer to labor unions' demands that E. W. Ste phens of Columbia be removed as a member of the State Capitol Commiss for rejecting a policy of arbitration in his controversy with Typographical Union No. 160 of Columbia.

"We point out to you that Missouri is committed to the principle of arbitration through the appointment of a Board of Mediation and Arbitration," the letter states. "The resolution (adopted by labor unions) also recites that inasmuch as Mr. Stephens a servant of the State, repudiates by his act: a principle that has been adopted for people, he has rendered himself unfit to serve on the Capitol Commission, in trusted with a great work wherein labor s involved.

"To this date there has been no reply received from you save the usual ster-cotyped form sent out by your secretary that the matter would be called to your attention, and I judge from that fact that you have decided to pay no attention to this important matter."

Strike-Brenker Charges. Hertenstein says Stephens is importing trike-breakers into his printing plant it Columbia, to do the State printing, and says that his latest information is that H. F. Childers of Troy, Mo., a nember of the State Board of Mediation and Arbitration, "is actively co-operatng with the employers against the trikers and that he is furnishing strike reakers to take the places of our men who are out on strike. These acts of themselves should disqualify him."

A State law, cited by Hertenstein, requires the board to try to settle all labor disputes where at least ten men are i ispute. Hertenstein says the board has taken no action.

stein wrote to Gov. Major, "can only lean one thing to the trade unionists of this State: That you approve of the acts of these servants of the State in tting aside State policy and nullifying e work for which they were appointed, et not overlooking the fact that they re quite willing to feed at the public rib. If you do not approve of these cts, then it is high time for you to act.

Wants Square Peal.
"The labor movement of the State vants a square deal. It objects to the ards being stacked against it, as they re in this controversy. The situation in Columbia is one not to be considered ightly. It calls for action, not silence, and the eyes of the laboring people are on Jefferson City to see what that action going to be. Are we going to be infronted with continuing men in office

The answer is with you." The letter was mailed last Saturday, nd so far there has been no answer rom the Governor. Mr. Childers, talking over long dis-

whose open hostility to labor insures

tance telephone from Troy, where he owns a newspaper, told a Post-Dispatch eporter that he was secretary of the Board of Mediation and Arbitration and not a board member, and as such had o voice or vote in the board's deliberstein's statement that he was importing strike breakers at Columbia. He said the board had not met for 18 months, as the last Legislature made no appropria

U. S. MAY USE ANY PATENT Right Is Upheld in Suit by Marconl

Company. NEW YORK, March 16 .- The Federa Government has a right to apply any patent to its own use, according to a lecision by the United States Circuit Court of Appeals here yesterday in pholding the ruling of the lower court n a suit brought by the Marconi Wireless Telegraph Co., in which it was al-leged that J. Simon, a Government contractor, had infringed on its patents. Simon was engaged to install wireless apparatus on submarines and torpedo

RECENT WORK GREAT ENGINEERING FEAT

Scientists Appointed at Request of President Wilson Express Belief in Preliminary Report That Worst Slides Are Past.

WASHINGTON, March 18.—An official prediction that the Panama Canal will be reopened by April 15 for the passage of deep draft vessels is announced by the War Department. Conditions in Gaillard Cut, scene of the principal earth movement which blocked the terway last fall, are regarded as

ustifying the forecast.
Col. Harding, acting Governor of the Canal Zone, telegraphed the War De-"Conditions in Gaillard Cut justify pre-

one that canal will be available for nips of 30-foot draft on April 15, subject to probable temporary delays thereafter to meet exigencies of dredging fleet in completing canal to full width and depth and in removing shoals that may possibly develop."

Until this report came, canal officials ad refused since the closure to make my estimate of the probable date of re-

Big Slides Began in September. Serious earth movements in the canal Serious earth movements in the canal agan in September. It had been inmided to send the Atlantic fleet through
aring the preceding July to parmipate in the formal opening of the
anama-Pacific Exposition at San Fransec. Minor slides preceded the big
invenient, however, and the situation hat long before the complete blockade a September the trip was abandoned. or became months, as the earth movecents continued. Finally it was anomated that no estimate worthy of conderation could be made.

Major-General Goethals, Governor of

tates when the canal was blocked. e had asked to be retired under the st of Congress granting him that privi-ge, believing his work was done. In setober he hastened back to the canal one, after advising President Wilson ast he did not wish any action taker on his resignation until the extent of the slides should be determined. When he found that a huge new task had been set him by nature, he promptly

Gen. Goethals in Washington. erday. His future plans are not known, the canal. Col. Harding's telegram is o positive that it is thought probable he Governor may not return to the zone at all. Col. Harding will succeed him. Reopening of the great waterway is regarded as an engineering feat second only to the construction of the canal. Millions of tons of rock and earth have been torn out of the collapsed excavations. New dredges of a size and capacity never before employed have lashovels have driven their way into the obstructions wherever there was ground sufficiently firm to hold them.

Meantime the construction work at the terminals and about the locks has proceeded without pause. When the canal is reopened it will have advanced in activities the second to be a sufficient to the second to the uipment far beyond the point it had sched when the slides began. Facilimuch better than they were at that time, and the great project closer to final completion in all details.

Scientists' Report on Slides. Navigation through the Panama Canal is not likely again to be seriously interrupted by slides, and realization of the was constructed is assured in the near future, according to the finding of a committee of scientists appointed by the National Academy of Sciences at the request of President Wilson to investigate the problem. While the committee realizes that slides may be a considerable maintenance charge upon the canal for a number of years, it believes there will be little trouble after present diffioulties have been evercome.

A summary of a preliminary report by

A summary of a preliminary report by the committee was made public today at the White House. No time was set when the canal could be opened for navigation, but it was said that "this

Excessive rainfall was found to be one of the chief causes for the slides most important remedy suggested. The tions for the prevention of slides in the

Although the committee's final report will not be ready until April, William H. Welch, president of the academy, has transmitted to President Wilson a preliminary report of the committee pre-pared by Charles R. Van Hise, president of the University of Wisconsin, chair-man; Gen. H. L. Abbott, corps of enan; Gen. H. L. Abbott, corps of enneers United States Army; John C.
ranner, geologist and former president
Stanford University; Whitman Cross,
cologist in the United States Geological
levey; R. C. Carpenter, professor of
schanical engineering in Cornell Uniresity; Arthur P. Davis, chief of the
colamation Service, Washington; John
Freeman, constructing engineer.

Confidence in Future of the canal with confidence," the re-the near future is assumed. Fort declares. "It is not unmindful of "All side material which the labor necessary to deal with the ay be a considerable, but not an uneasonably large, maintenance charg also realizes that trouble in the Culera district may possibly again close the anal. Nevertheless, the committee firmbelieves that, after the present dif ficulties have been overcome, navigation through the canal is not likely again to be seriously interrupted. There is abso-

The First Sneeze is the Danger Signal— Time to take

The old standard remedy—In tablet form—No unpleasant after effects—No opiates—Cures colds in 24 hours—La Grippe in 3 days—Money back if it fails—Insist on genuine—Box with red top—Mr. Hill's picture on it—25c—Any Drug Store. W. H. Hill Company . Detroit

University; Harry Fielding Reid, pro-fessor of engineering, Johns Hopkins rupted during long periods for years to rupted during long periods for years to come. The canal will serve the great arpose for which it was constructed, "The committee looks to the future and the realization of that purpose in

"All slide material which reaches th canal must, of course, be removed at resent slides, and it realizes that slides a certain expense and inconvenience. The engineers estimate that about 9,-000,000 cubic yards will have to be removed between the two Culebra slides;

> TRY THIS IF YOU HAVE DANDRUFF There is one sure way that never fails to remove dandruff completely

fails to remove dandrum completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finorer tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching the world: they are due to the inability the world: they are due to the inability.

College of Engineering, Northwestern lutely no justification for the statement and the dredges can remove 1,000,000 cubic yards a month. But it must not be supposed that the canal will remain losed for nine months; as soon as the so low that the dredges, even when interrupted by the passage of ships, can canal may be opened for navigation. This time is probably not far off.
"The committee believes that some

sliding ground will continue to enter the canal for several years to come, though in diminishing amounts. Any elatively inexpensive, measures which tend to arrest the present active slides, or which promise to reduce the charge against maintenance of the canal i

man; but a partial control of ground

single sign and trace of it, no matter hew much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, and your hair will be fluffy, look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to the prism is exceptionally deep.

"The slides in the canal zone are estable in the parts of the ward in other parts of the world; they are due to the inability schen, liver trouble, nervousness, constipation, dizziness, sleepless-onstipation, dizziness,

"The rocks of Culebra district are of two kinds-stratified and massive. The thief material involved in the slides is channel has been sufficiently deepened is composed of slippery minerals which is greatly decreased by the presence and the movement of the slides become are only weakly consolidated. The Cu-

condition make it unusually weak an unable to sustain any considerable load. caracha beds are limited, along the line them nearly saturated the greater par caracha beds are limited, along the lime of the canal, to the Culebra district. But they have a thickness in places of over lar surface of the stides and the open

IF KIDNEYS FEEL LIKE LEAD OR YOUR BACK IS ACHING, TAKE SALTS AT ONCE

We all eat too much meat, which clogs up the Kidneys, and they need a flushing, else we must suffer.

No man or woman who eats meat regularly can make a mistake by days and your kidneys will then act flushing the kidneys occasionally, fine. This famous salts is made flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kid-ney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, head-

from the acid of grapes and lemot juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injurat makes a delightful af-

Continued From Preceding Page. cracks around their borders greedily drink in the water that falls upon them

Culebra District Rainfall, "In the Culebra district the average rainfall since 1844 has been 87.68 inches per annum, of which about 80 inches falls in the rain season of about eight months. Where nearly seven feet of wafall upon the surface of the country within eight months of the year it is not surprising that there is difficulty in controlling the underground seepage Indeed, during these months the ground water table is practically at the surface xcept possibly on the steeper slopes and the movement of the undergroun season the water table is not far from the surface in the level country.

"A consideration of the carthquaker felt in the Canal Zone and a careful examination of the instrumental records kept near the Pacific end of the canal since the end of 1908 dispel fear of serious damage to the canal of its acces sories by earthquakes. There is no evi dence that any slides have been started or increased by earthquakes.

'In addition to the danger of the slides, is there danger that the canal may be blocked by the fall of the hills of Culebra district? These hills are composed of intrusive bodies of basalt. or of masses of hard Obispo tuff commonly executated with basalt in this listrict. So far as can be judged from present exposures, they do not rest on soft Cucaracha formation, but extend far into the earth, and are self-supporting. Rock may slough off from them, but there is no evidence that they will collapse.

"The excavation of the canal and borings in its bottom show that a narrow belt between the two hills is composed! of the soft Cucaracha beds; yet to the present time there has been no upheaval! t the bottom of this part of the canal, nor any other sign to indicate that the hills have settled. It is believed, there-fore, that the great masses of Gold and tractors hills are self-supporting and will remain so. There is no occasion to

Water Control Suggestions.
The committee believes that every available and practicable device should used to turn the water falling as rain from ground that is sliding and prevent its entering adjacent ground, and it suggests the following measures: Covering slopes with vegetation Whether vegetation increases or dereases the amount of rainfall enter-the ground is still a moot question.

committee believes, however, that threatening ground bordering the slides. escent slides, and, so far as practicable, active slides themselves, should ! be sufficiently covered with vegetation to prevent surface wash. 2. Closing peripheral cracks: Before extensive movements of the ground oc-

cur, warning is frequently given by the appearance of cracks peripheral to the oming slide. In some instances cracks exist for a long time before the important movements take place. As soon

B. NUGENT & BRO. D. G. CO., Broadway, Washington Av. and St. Charles Sts as they are formed they should be filled up, in order that they may not intercept surface water and lead it into Drainage of undisturbed and

threatened areas: Undisturbed and threatened areas near the slides should be thoroughly drained both by surface and by the drainage, to keep as much water out of them as possible, for they may become unstable and they may supply water to the slides. Experiments with tile drainage on a small scale would soon show whether it is effective enough to justify its extension. The surfaces of the ground east of the East Culebra slide and in places west of the West Culebra slide, slope away from be readily removed. But a considerable area above the Cucaracha slide drain naturally into it; some of the drainage ild, so far as possible, be collected surface and the drains, and be cared to the canal through a large cone-lined drain.

4. Drainage of the Great Slidesmplete system of open drains should established on the great slides and ossible. The main drains should nade impervious on the Cucaracha, and o far as practicable, on the two Cule

5. Drainage by Tunnels-Drainage b ucans of tunnels might be adapted ! a few special cases, but should be tried with caution, and extended only in cases which promise results commen surate with the cost. The tunnels should be built underneath the sliding ground in the undisturbed material and strongly timbered so as to avoid risk of collapse, which would not only deturb the overlying material. From the main tunnel smaller branches may be extended into the material to be drained and frequent borings made from the surface to conduct drainage water to the tunnels from the overlying strata. Such a system would be ex pensive, but might be effective in the area tapped by it.

6. Sluicing. It is suggested also that a ut be made by sluicing in the East alebra slide, starting at an appropriate point on the canal and diverging from it diagonally in a general southeasterly direction, in the zone of gentle slopes and in such a position as to reach the large pond which now exists on the This cut would partly separate the roughly rectangular slide into twdjoining ground could be sluiced alon: t into the canal. It would provide a nain drainage line for the ground on both sides of it, would empty the sur-ace ponds, and would lower the ground water in adjacent sliding material. The pressure of the triangle of ground in the rear of the cut against the triangle in ront of it would be lessened; and it is robable that movement in the forward hart of the slide would cease sooner han it would otherwise. When the cut sonce established it offers a second ine of defense against the slide by mak-

ng it possible to work along two fronts In addition to the immediate remedial easures suggested above, there are ertain observations and protective leasures which should be undertaken ith a view to the future. A few slides re now in motion, but many more are ulescent. A slide is not necessarily cend" because it has not moved nofor a few years. Its stability may on a delicate balance which may isturbed by some slowly developing mess. There is also a bare possi-

Continued From Preceding Page.

(a) To indicate in good time where adlitional work of prevention is needed; o indicate how large a dredging fleet ust be kept in readiness, and to furnish to the engineer of maintenance advance indications of emergency condi-

(b). To test the effectiveness of remeital measures which may be taken to control or prevent slides. These tests would be more sensitive and definite than the mere occurrence or nonoccurrence of slides.

(c.) To furnish a reliable basis for onfidence when, in the course of time, appears that the earth and rock movements have so decreased that a stability may be inferred.

made on each side of the canal, the committee thinks, to study the nature of the high hills. It recommends ough investigation of the localities, perentage of porosity of the several formaions, the effect of tropical vegetation, the nature of the disintegration which accompanies the weathering of these rocks, the chemical changes which cause the so-called hot aeras. A mechanical testing of the strength of various rocks suggested, since the future of the des is largely dependent upon the slides is largely dependent upon the strength of the rocks. Greater facility for the study of earthquake shocks in this region is also recommended.

Chief Area of Danger.
In summing up the history of the pres-In summing up the history of the present slides, the committee concludes that since the three great slides are all in since the three great slides are all in the Culebra district, this is the chief area of danger. This is the natural consequence of the fact that by far the deepest part of the canal cut is in this district; and that the weakest of the consequence of the fact that by far the reogolical formations, the Cucaracha, in reogolical formations, the Cucaracha, introngly developed here.

Slides may occur in other parts of the trongly developed here.

canal, but they will be relatively small and infrequent; for the banks are not igh, and the unstable ground has already slid down so that its surface has approached the angle of repose. Should lides occur they are not likely to menreat enough seriously to obstruct trafin the canal, could occur only in the culebra district, which is but one mile ing. The possibility of great slides in this section has therefore claimed the nost careful consideration of the committee. In general, the committee beieves that no great extension of hese slides is probable, because

IN THE REICHSTAG

nternational Problems Which It Has Caused to Be Openly Discussed Next Week.

By Associated Press.

BERLIN, via London, March 16.-The Reichstag will probably devote Friday and Saturday of next week to open discussion of the international situation and political problems which have arisen from Germany's methods of submarine warfare. A special committee of the Reichstag met yesterday and found that here was a general desire of all parties for a frank and open debate on the motives underlying the Government's attitude toward neutral Powers and in parcular toward the United States. It is believed that Dr. von Bethmann-Hollweg, the Imperial Chancellor, will make a speech explaining the policy in accordance with which Germany has conducted her Foreign Affairs Department, and its eflect action on her internal policy.

Criticism of U. S. Expected. In the present temper of a section of he Reichstag the debate, it is expected, will bring out some caustic and un-friendly references to the United States, out the fact that 10 days will have lapsed after what is regarded as an mediate cause of irritation will probbly serve to tone down the present bitterness openly expressed by certain

mbers of the Reichstag. The Ways and Means Committee of the Prussian Diet yesterday crossed swords with the administration regarding the Diet's competence to discuss the American and other issues of foreign and military policy. Herr Irmar, spokesman of the Conservative party, defended the claims of the Diet to the right of criticism. Foreign Minister on Jagow while admitting the Diet's right to discuss anything it saw fit, declared that the Government could not and would not accept advice or criticism on those matters which are beyond the competence of the Prussian Parliament.

The newspapers generally refrain from alluding, even guardedly, to the ources of the conflict.

Criticism of U. S. Expected. The conservative Kreuz Zeitung argues editorially in favor of open discussion in the Diet and concludes as follows

"Within the limits of moral feeling and self-respect, we must regulate our relation to foreign powers purely on the basis of expediency. Should good relations toward any particular power appear absolutely indispensable to the conduct of our struggle for existence, we must accordingly adapt our policy and must not leave it to fate to determine whether we shall come to breach. Such fatalities in politics has no justification. If, however, we do not regard such a breach as being so serious that we must at all cost avoid it, then there is no reason why we should not use our freedom of action completely. A middle way between these alternatives would not, in our opinion, represent a policy based on expediency, but one of those half measures which sually lead to failure."

Energetic Policy Advocated. Thinly veiled references to the sitnation were made during Wedneslay's debate in the diet on the budget of the Ministry of Education and occlesiastical affairs, when the conervative spokesman, President von profoced his remarks a follows:

"If our enemies seek by outcries regarding Huns and bargarians to serve the political end of weakening our conduct of the war, I hope that they will find they have miscalcu-lated. It is the general belief of our people that under the circumstances a most energetic conduct of military operations may be the most humane and that the policy which will bring us soonest out of the sea of blood and misery into which our old Europe has been converted will serve the best interests of the human races." Party applause greeted the speak-

OPEN SATURDAY NIGHTS

TORPEDO FIRED AT SHIP THAT CARRIED MANY AMERICANS

Captain of Patria at New York Says No Warning Was Given.

NEW YORK, March 16.-The French steamer Patria of the Fabre line, carrying among her passengers 29 Americans, including an American Consul, was attacked without warning by submarine off the Algerian coast o March 1, Capt. Pierre Deschelles announced today upon the arrival of the ship from Mediterranean ports. A torpedo missed the ship by about 30 feet Olney Arnold, American Consul-General at Cairo, was a passenger on the ship from Naples to Lisbon. He told Capt. Deschelles that he would forward full report of the attack to the United States Government. It was news, however, to Capt. Deschelles that cable dispatches have since reported that Ar cold, who was returning home, died at isbon the day after his arrival there. Information was received by the state Department that he was on the verge f a nervous breakdown at the time of

his departure from Cairo.

The night before the submarine appeared Capt. Deschelles received this warning: "Be careful, submarine sighted about 100 miles from Cape de Garde," by wireless from Algiers. He remained on the bridge all night and posted 15 lookouts around the ship.

The captain said he did not person

ally see the submarine or the torpedo out both were seen by his first officer and a number of passengers. The ship was making full speed at the time. Orders were immediately given to steer a zigzag course, and no further trace

of the submersible was seen.
"I regret to say I did not have any guns," Capt. Deschelles said, and added that he would make a request that his ship be equipped with guns when he returns to France.

None of the American passengers saw the submarine. The Americans in the first cabin included Robert Norman of Baltimore. He said there was very little Capt. Deschelles said he already had

sent a full report of the incident to ... French Government. The Patria left Palermo Feb. 29. The next morning at 9 o'clock Capt. De-chelles said a periscope was observed above the water and almost simultaneously a torpedo was seen approaching the Patria. It came so close that the revolving screw could be plainly

noted, Capt. Dechelles said and swent y 20 feet to the stern. Passengers who saw the torped caused a turmoil which attracted the steerage passengers to the rails and the excitement subsided only after the periscope disappeared and the ship sped away. The Patria after landing at other ports carried nearly 2000 passengers,

SAM COOK SAID TO HAVE "CUT" STONE AND REED FOR BARKER

Jefferson City Politicians Hear That Leader Opposes Senators' Activities

in Behnlf of F. M. Wilson. JEFFERSON CITY, March 16.—The apital is gossiping today on the report at Sam B. Cook, former Secretar of State and recognized leader of the "old guard" Democrats, has severed friendly political relations with Senators Stone and Reed because of the alleged combination between those tw and the State administration to nomi nate Francis M. Wilson for Governor Cook is chief adviser and campaign anager for Attorney-General Barker. The Resolutions Committee at the Col-Cook was chairman, ignored both Sentors in the resolutions. Cook admitted oday that he drew the resolutions, but refused to discuss the reason for having eft the Senators off the indorsement list. He admitted that it was not an oversight, because he said he discussed with other members of the committee and they decided it was the thing to do. Although representatives said that ov. Major was a member of the conspiracy to nominate Wilson, the Governorwas indorsed by the Cole County onvention.

Cook consented to this indorsement brough the influence of Warden D. C. McClung, who is boosting Major for the vice presidential nomination. In reurn for Cook's support of the Governor, McClung, who formerly opposed Barker or the nomination for Governor, is now

Senate Has Rejected Five

Supreme Court Nominees

Grant Named Three, Cleveland Two

ceturer on International Law, St. Louis University Law School.

The opposition which has developed to e confirmation of the appointment of ouis D. Brandeis to the position of ssociate Justice of the Supreme Court calls five instances within the last 50 ears in which the Senate has exercised constitutional prerogative to reject ich appointments.

The Brandeis case is exceptional i hat the Senate Judiciary Committee, to hich such appointments are referred, has chosen to undertake a public inquiry ato the fitness of the appointee, where, the past, such investigations have en carried on with a very large degree of secrecy. The case is unusual, too. the fact that seven former Presidents of the American Bar Association, in-cluding former President Taft, have filed protests with the committee

against favorable action. Three Named by Grant Rejected. During President Grant's administraions the Senate three times rejected is nominations to the Supreme Court he first was that of E. Rockwood Hoan Massachusetts, who was a member of Grant's Cabinet. Later Grant sent in the name of George H. Williams of regon, for the position of Chief Jusice of the Supreme Court. Williams was also a member of Grant's Cabinet, and he had been a member of the Senate. It was felt that he had not had sufficiently wide legal or judicial expe-

The third nomination of Grant's t eet with failure was that of Caleb ushing, who was objected to mainly on earty lines, it having been alleged that 'ushing was a member of the opposite litical party before the war.

The two remaining instances in which he Senate failed to confirm appointments of the kind occurred during the second Cleveland administration. Sept. , 1803, Cleveland sent in the name of William B. Hornblower of New York as successor to Associate Justice Samue latchford. Hornblower was only 42 ears old, and though an active membe the New York bar, was not widely lown outside the State. He was a arm personal friend of the Presiden nd the charge was made that Cleveland vas actuated in the appointment more by friendship than by due regard to the esponsibilities of the office. Hornblowvas the moving force in the Senate's acion, when, after long delay, it rejected

Peckham Barred for Age. President Cleveland immediately sent the name of Wheeler H. Peckham of ew York. Peckham had, likewise, in n Feb. 16, the Senate failed to confirm im by a vote of 41 to 32. The ostensible ason in the case of Peckham was that was past 60 years old, and that the

Von Bernstorff's Doorman Had Matter for Publication, but Gave Boy Government Messages.

special Correspondence of the Post Disputch, WASHINGTON, March 8.-The Geran embassy telephoned the bureau of he Post-Dispatch and New York World at noon last Thursday that the Ambassa for wanted it to have a copy of the memandum that he had given to Secretary Lansing regarding the U-boat situation A telegraph boy was called and instructed to go to the embassy and bring back

what "they will give you there."

The boy, being wise in the way of diplomats and newspapers, followed instruc-tions to the letter. He brought back what the doorman of the embassy gave him, but it was not Count von Bernstorff's statement intended for the pub

What the Boy Got.

ipon being opened were found to contain cablegrams signed by the Ambassador and addressed to officials of his Government. There was not the slightest difficulty in "deciphering the mes sages," because they were in plain En-

called to the obvious error, the tele grams returned and the statement intended by Count Bernstorf for publica tion brought to the bureau office by the ever-intelligent messenger. The latter threw considerable light upon the

"Well, you see. I jes' went up there and rung the bell, and a man come to the door and gave me somethin'." "Did you tell him what you wanted? "Naw. He didn't ask me. He jest give me them two envelopes and I brung

them back to you like you told me." Embassy Explains. The explanation at the embassy was "just an ordinary telegraph boy that had come for some telegrams."

That's where they made a mistake This messenger was no ordinary tele graph boy; as a matter of fact he was rather extraordinary. The Ambassador may rest assured however, that his secrets will never be divulged to a prying world.

Large Fresh Shrimp, 121/2c Lb, Meletio F. & O. Co., 414-16 Franklin av,

SENATE COMMITTEE REPORTED TO BE IN FAVOR OF BRANDEIS

Confirmation.

WASHINGTON, March 16 .- The invesigation of the protests against the con firmation of Louis D. Brandels, nomi-nated for the Supreme Court to succeed the late Justice Lamar, closed yesterday, and the subcommittee of the Senate appointed to make the inquiry Committee within the next two weeks.
There is little doubt in the minds of Senators now that Brandels will confirmed. The public hearings have convinced a number of doubting Sen ators Brandels is being opposed by Bos-But for the action of the Senate in ton corporation lawyers and "high these two cases Edward D. White would brows." Four of the five members o not now be Chief Justice of the Supreme the subcommittee are said to favor Court, nor would he probably be ever ham to receive confirmation, Cleveland

MOTHER OPPOSED

The marriage at 12:30 o'clock this norning of Miss Frances Spink of the St. Regis Apartments, daughter of the lete Charles C. Spink, wealthy puoisher of the Sporting News, to Edward H. Reismeyer, of 3112 Hawthorne boulevard, which was performed by the Rev. Dr. W. F. McMillen at his residence, 1716 Waverly place, was without the approval of the bride's mother, it was learned this morning by reporters.

At the St. Regis Apartments Mrs. John le Beau Christy, older sister of Mrs. Riesmeyer, said Mrs. Spink was ill because of her daughter's marriage and could not be seen. Mrs. Christy said oth she and her mother were displeased with the marriage, niesmeyer and his bride were not at the St. Regis

The engagement of Miss Spink to Reismeyer was announced Oct. 28, 1917, at a party given by Mrs. Christy. Mrs. on by the German troops garrisoned then not much in favor of the match on the city, has just been opened, and that both of them had since be-coethe's "Iphigenie" was the work come much opposed to it. She said Mrs. Spink had since taken her daugh-The theater, a structure which costs ter on several extended trips in an of fort to get her to give up Reismeyer ast inch of standing room, and the and was planning to take her in a fee

caused her and her mother to change their minds. Reismeyer is 28 years old and his bride is 22. He is a son of the late Gustav Riesmeyer, founder of the Riesmeyer Distilling Co.

EDISON AND OTHER EXPERTS WANT U. S. WA RLABORATORY

ould Be Used for Development of Submarines, Aeroplanes and High Explosive Tests, They Say.

truction of a great Government laoratory for development of submaines, aeroplanes and other wa equipment was advocated before the homas A. Edison and other member. f the civilian Naval Advisory Board Mr. Edison said a properly equipped establishment costing to begin with \$1,500,000, would make possible ex periments for standardization of sub-marine parts, for instance, which night result in enabling builders to urn out a submarine a week instead of the many months now required.

The other members of the board ho appeared were Howard E. Cof-Dr. L. H. Backeland, Dr. Backeland aid one of the most important advantages of a laboratory would be hat of supplying adequate means for ixation of atmospheric nitrogen for

se in making explosives. It was urged that the proposed la oratory be under administration of the Navy Department. Though it might concern itself with many things aside from naval equipment.

Feast of Ireland's Patron Saint to Be Celebrated at Edifice Dedicated

Arrangements have been perfected for celebration tomorrow of the feast of Ireland's patron saint in the churc dedicated to St. Patrick on Sixth and Biddle streets. The interior has bee repainted and decorated. The choir will be under the direction of Mr. Hitzma of Father Dempsey's Workingmen's He tel, who will preside at the organ, and he hotel quartet, J. Fennell, T. Carroll . Ewing and E. Walsh, will give voca

follows: The Rev. T. R. Woods, cels want; the Rev. P. Dempsey, deacon the Rev. D. Courtney, sub-deacon ar the Rev. M. S. Brennan and the Rev I. J. Downes, masters of ceremonie The Rev. Dr. D. J. Lavery and the Rev John Dillon will be deacons of honor to his grace. Archbishop Glennon, who will preside in the sanctuary. The panegyri-of St. Patrick will be preached by the Rev. M. I. Stritch, S. J.

Take Advantage of Our Brambach Piano Sale

TORE THE WEEK is over, the last of these wonder ul little Grand Pianos will have been sold, so it is now, or never, if you want a Brambach Baby Grand at the price of 465 dollars.

You will r member, that we were apportioned but 25 of these "masterpieces" for this sale. They were to be sold at 465 dollars each, upon special terms and certain liberal

which price can be divided up into covering a period of three years.

When the 25 were sold, there were no more to be offered at the present price, or upon the special terms. And it is the particular purpose of this announce-

Judging from the purchasers we have in sight, and the general interest taken in this sale, the last of these little grands will be sold by Saturday night.

But the safe and sure plan is to come at once. No one who has the remotest idea of ever owning a piano can afford not to thoroughly investigate the merits of this sale. The instruments themselves are simply superb, while the price is as low as you would pay for even an upright piano of like grade.

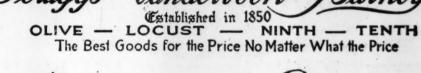

These Brambach Baby Grands cannot be duplicated in the piano trade under 600 dollars—they are worth 600 dollars measured by any grand piano value on the market. Our price on this lot of 25 is only \$465.

Special terms and conditions under which they can be purchased:

You may have 3 full years' time in which to make your payments.

You may exchange for any other piano in our slock of like or higher value at any time within one year. You get a written, unconditional guarantee for 5 years signed by both the Brambach Piano Co. and ourselves.

definite Recognition of Nation' Position in Far East Affairs Is Wanted.

TOKIO, Feb. 15.-Baron Ishii, Ministe Foreign Affairs, has told the Hous Peers that Japan was negotiating of Japan's superior position in China

The alliance with England, as a resul which Japan declared war again ies a favorite topic o Japanese, who feel that Great Brita asking, and receiving, too much unde ts terms, and that it has ceased to be instrument useful to the Japanes

Baron Ishii referred to these criticism his remarks before the Peers. He eprecated them, he said, as being exnarm to the friendly sentiments between he two nations. He regretted also that British residents in China occasionally bout Japan. But he pointed out that ese criticisms should not be interpret

View on Existing Treaty. a recent dinner of the Japan Trad

ssociation Ichiro Tokutomi, editor of revailed among a section of statesmer liance has become superannuated and tuation of Japan-the growth, or ex Itation of her position and influence ered it most probable that the tim vould come before long when this opinon would be seriously taken up and en podied in the form of negotiations he revision of the existing treaty. H nsisted that this view was shared several members of the Cabinet a

The present negotiations with Engian which reference was made by Baron shii are believed to include the statuand treatment of Japanese emigrants pecially in Australia, but refer par icularly to an alleged boycott of Japa-

The case of those Isnanese nanding a revision of the alliance with Great Britain is summarized by the Sichi Nichi. It declares that in Canada Australia and other British colonies panese are refused treatment on au ual footing; that the British residents nt on curbing Japan's interests in that ntry; that Japan's position in China of vital importance to Japan but that nat moreover, in case of misunderhinese questions the British Governe responsibility of rendering assista

Great Britain's Position.

The newspaper further alleges that Britain is restricting Japan's free action India, and under these circumstances he journal deems it natural that there hould be a feeling of dissatisfaction oncerning the alliance as it now exists. The paper further points out that Great Britain, on account of the war, is no n a position at present to protect her nterests in the Pacific and has to depend solely on Japan in that respect n other words. Japan is now the only ation able to protect the interests of Great Britain and other nations in China, and the paper thinks that this position of Japan deserves to be fully recognized by Great Britain by formally llowing Japan to have her position in the Far East clearly defined.

As for the provisions in the alliance

concerning the peace of India, the paper points out that they were made when there was a fear of Russian advance to he South, but the present relations of Great Britain and Russia are practically hose of an alliance, and the paper finds no reason or necessity for having the provisions in the alliance concerning ndia. Moreover, the paper thinks that the wording of those stipulations is rather ambiguous and calls for a more explicit arrangement concerning Japan's obligations on that point.

The Nichi Nichi does not want the treaty annulled but it recommends a revision so that Japan may receive what it deserves as the only Power in the far East that is now in a position fully and efficiently to protect British and other interests in this part of the world.

Bull's-eye!

Every now and then-not often-a band plays something that sends funny, creepy little shivers up and down your spine-your blood seems to tingle-and there's a catch in your throat. It's a great sensation when it comes -and you can't fool yourself about it.

A good deal the same sort of feeling came to you as a boy when you read of the wonderful doings of your pet hero of the plains.

Maybe you and your best pal talked it all over (especially the day you had both been in trouble at school) and decided very definitely about going West and "showing 'em". Pistols in those talks of yours were always "guns" and rifles "Winchesters" or "repeaters." Very serious talks they were—very exciting and very excited.

And then, the thing got too big for you, and you fell silent as you and your pal stared with set faces off into the setting sun before parting with a word and a grip of two dirty, straining little fists.

Well-it has all come true.

In "Let Katy Do It" a tiny, tow-headed youngster does all the things you wanted to do.

All by himself he sets off the mines and works the levers of the Winchesters that hold back a Mexican horde while our troopers are tearing over the plains to

And you get those same wonderful creeps in the spine that you get from the rattle of drums; unless all the "boy" has died in your heart, which God forbid.

"Katy"-mother of none, foster mother of sevenis one of the girls that is a "brick" to boys always.

Yes-it's a bull's-eye, this picture. Nothing flashy or pretentious in any or it, -all as simple and direct as the title. The runaway horses and wreck at the railway crossing; the mine in Mexico with its battery of repeaters; the Mexican bandits and United States Regulars are all matter-of-fact and real and necessary.

"Let Katy Do It" is a Triangle picture that has been "released" for several weeks. Several hundred thousand people have already seen it and most of them remember it.

We are advertising it now, after you know it, so that you may measure other Triangle productions by what you know of this one.

One reason people like them is that the men producing them-Griffith-Ince -Sennett-are so human,have so much of the healthy American boy in them that their work is that way, too.

Another reason is the charm of the women who play

HITS THE BULLS-EYE

BUILDING OF NEW SCHOOL CURTAILS INSTRUCTION WORK

Summer Classes and Many of Night Ones May Be Abandoned for Two Years.

NO MORE FUNDS IN SIGHT

Additional Money Can Be Had Only by Bond Issue or Increased Taxation.

All summer classes and many, if not all, of the public night schools will be abandoned this summer and in 1917, while the Bates School is being erected at Prairie avenue and North Market street, at a cost of from \$200,000 to \$250,-000. The condition of the public school treasury is declared to make it impossible to carry on the building of new schools and maintain the extra educational advantages heretofore offered.

Dr. J. P. Harper, commenting yester-day to a Post-Dispatch reporter on what the building of the Bates School would mean in the way of curtailment of the courses and it is likely that other courses will have to be cut down materially during the building period. This Means Committee, which now is at ed to the board at the April meeting revenue of the board, or unless a bond issue is passed to finance the building

New School Urgently Needed. Dr. Harper said the Bates School was urgently needed and that the board had been planning its erection for four diately. Superintendent of Instruction Blewett in his report to the board Tuesday night said not less than 10 per cent of the seats in each schoolroon should be unoccupied to permit the easy handling of promotions and demotions in the schools. There are 835 seats in ket street and Spring avenue, while the

nrollment is 801.

The present school contains 19 room nd a kindergarten, and the building is planned to erect will contain 25 choolrooms, a kindergarten and an auditorium. It will be of the same type St. Louis and will contain the mos

modern equipment. Last November Supt. Blewett in a re port to the board said the present than enough to maintain the present system and warned the board that unless something were done to finance building operations from some source other than the general revenue, or if the general revenue were not materially increased, the work of the instruction department would be seriously curtailed or the building program would have to

Immediate relief from congestion is needed in many of the schools. In his report Tuesday, Supt. Blewett detailed for the information of the board the number of rooms in various which were being used to care for pupils crowded out of others.

Half-sessions will be necessary, start-ing with the September term, in the Mount Pleasant, Fremont, Morganford Road, Shaw, Roe, Cupples, Lowell, Ashland, Bircher Street and Harrison schools, he said, and in twice as many

Halls Used for Clauses. Hall rooms are now being used in the Benton, Glasgow, Jackson and Harrison schools, and two classes are being in structed in the auditorium of the Harney Heights School. At the Gardenville School a room has been rented in a residence near by to take care of an

Portable buildings are being used to house overflow classes in the Adams, Arlington, Ashland, Benton, Fanning, Farragut, Fremont, Froebel, Shaw and Wyman schools. Four rooms of the Cieveland High School are being used by pupils of the Neosho School and one room by pupils of the Mount Pleasant School. Pupils of the Wyman School are being instructed in a basement room at the Harris Teachers' College.

Efforts to learn what plans for the relief of the school finances are being considered by the Ways and Means Committee were unavailing. To avoid the necessity of cutting down courses in the schools and proceed with the buildtime, either a bond issue to finance the building operations must be passed, or an increase in school taxes must be made, board members said.

IRELAND UBER ALLES

by PETER B.KYNE

Capturing the Appam, running the gauntlet of the British Navy and bringing the ship into a neutral port under a prize crew was an exploit no more thrilling than the feat performed by Capt. Murphy and Chief Reardon of Cappy Ricks' ship Narcissus.

In this four-part story in the famous Cappy Ricks Series, foreign secret service agents capture an American ship and all but accomplish their plan to turn her cargo of steam coal over to the German fleet.

A rattling deep-water sea story of timely war-time interest.

LETTERS FROM THE PEOPLE

Miners' Wages and Price of Coal.

To the Editor of the Post-Dispatch. Being a coal miner, I have been interested in the wage controversy that has taken place in New York, wherein the coal miners of the bituminous coal fields have been granted an increase of 3 cents per ton and those working by the day an increase of 5 per cent. Since that increase was conceded I saw a statement in your paper from Edward Devoy, a coal dealer and operator residing in St. Louis, in which he says that the cost to the consumer will be increased 16 cents per ton. In my opinion this is one more instance in which the "dear, trusting" public is ced to shoulder the burden.

Were the public asked to shoulder the increase that the miners are about to secure, I would have no objections, but the 10 cents increase to of prices, I have done a little figuring on Edward Devoy's 10-cent increase and this is the conclusion I arrive at, which will hold good in a great majority of mines in Illinois. Diggers, or piecework miners receive 3 cents increase on the ton; per cent on the deadwork is the equivalent of 75 of one cent per ton; 5 per cent on the yardage is equal to about 1/4 of one cent per ton, and 5 per cent increase to the men working by the day equals about 1 cent per ton; total on the ton who do no work receive the "lion's share" of the charge." nioney extracted from the public.

One of the St. Louis morning papers said in an the 124-millions-plus did not pay for the transfer budget is larger than his income. severe. In answer to that, I would say, let anyone who is interested interview any coal miner, or let the editor in question do a month's work not because it was morally and legally bound to doughnuts he would be glad to change his opinion on the severe part. "Tis folly to be wise porate heart. where ignorance is bliss." DAVE WILSON. O'Fallon, Ill.

Advantage of Oiled Streets.

To the Editor of the Post-Dispatch. comfort in clean streets on Cates avenue that we child of us free 155 times a year to pay such a had the summer of 1915. That summer we had no dust all summer, because our streets were tax, or extend its facilities, or improve its equipnot wonder if the sprinkling man would partment had removed the surface dirt in the fail and yet most philanthropic public service cor- hands of the county political ring to whom the and then oiled again, the street would have teen poration! No. 1. We want oiled street, no asphaltum or

AN OLD SUBSCRIBER AND PROPERTY MAN.

Wrong Time for "Dress-Up" Week. To the Editor of the Post-Dispatch.

city met to plan for a "dress-up" week before Easter. Is it possible that these business men will dare thus to desecrate a season so sacred without a storm of protest? The tendency is too great in this direction already-too many people espective Easter suit, bonnet or boot. It is well nough to be well dressed-to be clean in mind and body, and to put on "clean linen," as did the and shows a woeful lack of intelligence for people to strut up unaccustomed aisles like "painted fools" in peacock feathers trying to outshine their neighbors. This is the custom, however, both for

ome if business men are allowed to go to any nit to arouse excitement in this direction. Not only the followers of the lowly Christ, but every en with a sense and regard for the fitness of things should protest.

Let us go to church and let us be neatly dressed, but let us see, instead of our neighbor's clothes, a re of the dying Christ on Calvary. A YOUNG MAN OF THE OLD SCHOOL

From the Washington Star. Does your wife let you carry the latch key?" "She compels me to carry it." replied Mr. Meek-"I have to be sitting on the front steps

RESPONSIBILITY WITHOUT POWER. Orders have been sent from Washington to reruit 20,000 men for the United States army. The recruiting officers will open stands and get busy trying to persuade Tom, Dick and Harry to join the army.

There will be a great beating of the bushes to get enough men; but suppose Tom, Dick and Harry, having plenty of work and good wages and not fancying the job of chasing greasers, refuse to join. Suppose only 10,000 men want to enlist. Suppose we wanted 500,000 men to prepare for con-

Of course, if the country were actually attacked, we know that 500,000 or 1,000,000 Americans, after much red tape and delay would enlist. But most of the raw recruits would have to be drilled for six months or a year and would have to be supplied with as yet unmade equipment. It would be a year before we could put an efficient army in the field and it would then be lacking in fullytrained officers and artillerymen.

Of the 20,000 who will be recruited for the authorized small increase, a large percentage, possibly all, will require months of drilling before they can be sent into the fighting line.

The point of the situation is manifest. The Government is responsible for the defense of the country, but has no power to compel able-bodied citizens to serve in the national army and navy draw upon. The responsibility is heavy. It may mean the safety or the ruin of the nation. It may involve great losses of life and property, intolerable humiliation or even the overthrow of our sovereignty and our cherished institutions. But the power to command the efficient forces necessary to meet this responsibility is lacking.

A moment's thought will convince any intelligent man that the present system of recruiting raw material in time of need and the whole system of volunteer enlistment is a failure. It is illogical, costly, inefficient and dangerous. It leaves the Government helpless when confronted with danger and the country exposed to the blow of an invader.

The time has come to substitute prudence for carelessness, efficiency for inefficiency, preparedness for unpreparedness and foresight for hindsight.

SOME UNPREPAREDNESS!

Villa has taken Texas and New Mexico while resident Wilson and his family are fleeing to Canada for safety, according to a Mexican news-

That's what comes of unpreparedness!

BRUTAL TREATMENT OF A SUBMARINE.

A good story was in Wednesday's news of a British sea captain who, on being chased by a The demand for preparedness implies no such submarine, ran ahead for two hours, during gun lengths and paint and mount them, whereupon he suddenly swung the ship around and for such an ideal, the country proposes to defend pointed the dummy guns. The submarine prompt-" ducked.

That was a brutal trick to play on a helpless, unsuspecting enemy vessel. It is of the new sea ethics that the submarine be permitted to do its worst without opposition, in the case of unarmed season for its unarmed prey.

Francisco Villa should note the color of the American commander's hair.

We trust this summer we will have the same company which transports every man, woman and ciled and we could sit out on our porches and ment? Fortunately the days are becoming so be warm that one can ride and reason in comfort hostility of adherents of the old penology within around. Our work in the house was made lighter and feel sorry for our poorest, most oppressed and without the prison, but persecution at the

TOM TAGGART FOR SENATOR.

Strange types of Senators now occupy places in the upper house, but perhaps none as out of place as the one that would be introduced if Gov. Rat. Yesterday the merchants and tailors of this ston designates Boss Tom Taggart to fill the vacancy caused by B. F. Shively's death. If the boss is named under a pledge that he will not e a candidate for the office at the fall election, the blow to Gov. Ralston's party will not be as new think of Easter only in connection with a heavy as if he is named without that pledge. But in either event an act indicating that Tom Taggart represents a Democratic Governor's idea of senpeople of old when worshiping, but it is not right atorial fitness would handicap the Democratic ticket.

And with political conditions as they are it not wise to invite any unnecessary handicaps for the ticket in Indiana this year.

A DAY FOR EVERYTHING. A few days ago the fish interests were exhor

ing us to keep Salmon Day, to eat and extol that with beings of the human order.) fish. Before that, California started Raisin Day. And now it is to be Grange Day, Mayor Kiel hav ly. There are also plenty of other special days, may eat the money up in costs. recently proclaimed, not including Dog Days, which we shall enter upon soon enough.

We haven't yet heard of Banana Day, or Peanut Day, Sauerkraut Day, or Hog-and-Hominy Day. big they are on the way, Thanks be, most shines to advantage.

of us-in fact, a big majority-can now welcom Pay Day. Let us have a day for everything, as the wise Solomon suggested. Life is made up of little things like these. They add spice of variety to our otherwise monotonous menu.

---MR. WILSON A TRUE CONSERVATIONIST.

"I agree with you," wrote President Wilson to Congressman Kent of California, "that it is better to let the water power run to waste than to settle the question of its use in the wrong way." The anxieties of a troubled administration of foreign affairs have not affected Mr. Wilson's sense of proportion in judging domestic affairs nor altered in the slightest respect his localty to a

voters at the time of his nomination and election. His words will be gratifying to all those who stand on the true conservation principle. If the Shields dam bill or other bills with grab catures attached are jammed through by Sensors devoted to the interests, we have an assur ance that an executive veto will be interposed to protect assets of uncomputed millions that belon

sentiment that was uppermost in the minds of the

the people of the United States.

THE DEMOCRATIC ARMY IDEAL. As president of the mine department of the American Federation of Labor, James Lord's views on national defense, in last Sunday's Post Dispatch, are of great interest. He sets forth his and small resources of trained officers and men to ideal of a citizen army, purely voluntary, the members of which, having the right to elect their

officials, will never cringe before them. This ideal is, in the main, similar to that held by the syndicalists with regard to the organization of industry. All officials are to be chosen by the vote of the rank and file and deposed or recalled by the same methods. The ballot box is

to decide everything. Perhaps the most democratic army in the world is that of Switzerland, the plan of which has recently been outlined in the Post-Dispatch. There has never been any suggestion, however, that the privates in that army shall boss their officers. As oters, all citizens of Switzerland control the army and decide as to its organization. But, as soldiers-and every able-bodied man must serve between the ages of 20 and 48-they obey promptly and literally, as do other soldiers. It is to be supposed, under such a system, that they don't cring n their obedience.

Prompt obedience being a prime factor of suc cess in war, the officers must not be handicapped by the fear of displacement by disgruntled pri vates. In the Swiss army, officers rise from the ranks through merit. Such officers are usually obeyed willingly.

Mr. Lord's condemnation of a military machine autocratically ruled and used for purposes of onquest, is an expression of American principle machine. But the country is not ripe for the rewhich he had the ship's carpenter cut a spar into alization of Mr. Lord's dream of an army voting for and displacing its officers. While waiting itself against possible aggression with the means at hand.

NO CENSORSHIP ABUSES.

Recognizing the necessity of a military censorship to protect the army and navy and promote merchant ships. Otherwise, how is the submarine their successful operation, the reputable American the consumer is an imposition to the extent of war to be successfully waged? The new rule is, press yields to its regulations in a spirit of panhout 5 cents per ton. Having a little knowledge closed season at all times for the tinfish and open triotism. We believe the people will accept it without murmur.

> The sole purpose of a censorship, however, is to avoid endangering the army and its operation and giving valuable information to the enemy. It ought not to be carried beyond this line. It ought not to be abused to withhold information about A placard in many street cars announces that events of the war to which the public is entitled.

> > The city is in the plight of many a man. His

WARDEN OSBORNE'S ACQUITTAL.

The attempt to discredit Thomas Mott Osborne in a coal mine digging coal, and it is dollars to do so, but because of the generosity of its cor- by charges of scandalous conduct and perjury at Sing Sing can now be appraised in their true Is not this placard a beautiful example of light. His vindication is a splendid vindication for rational prison methods everywhere, which received a heavy blow in his indictment.

He encountered not only the indifference and new methods meant the cutting off of opportunities for patronage, machine-building and plunder.

His reinstatement as Warden should follow his acquittal. But whether or not this logical result is recorded, New Yor! at the cost of much sacrifice on his part has at least made some progress towards transforming its penal institutions into places of reclamation for criminal unfortunates Missouri is yet to make a start.

ROOTING UP THE ROOT OF EVIL.

A Kansas hog has just rooted up \$200 in gold coin on a farm.

The hog unearthed the filthy lucre through no sordid motive, but casually. He merely happened upon it in his element. Had it been a wholesome root instead of the root of evil it might have appealed to him. But having uprooted it disinterestedly, he sniffed it, discovered its taint, turned up his snoot at it, and it remained for human beings to get down in the mire and pick it up. (Money is a case of "root hog or die" only

We observe that no sooner had the money bee turned up by the hog than several human being set March 18 for that celebration of the merits ings laid claim and counterclaim to it. A lawof a favorite American fruit, of which St. Louis suit will likely result, bitter feelings, base pasconsumes a million and a half dollars' worth year- sions, feuds, what not. The attorneys and court

In rooting for the root of evil and scrabbling and scrapping over it in the mire and wallowing in its abuses the human being sometimes outhogs the hog. In any money transaction the hog

JUST A MINUTE

Written for the POST-DISPATCH by Clark McAdams

ON BEING BIG ENOUGH FOR VICE PRESIDENT.

E are told that a Callaway County Democrat opposing an indorsement of Gov. Major for the Democratic vice presidential nomination expressed the conviction that the Governor is not big enough for the place.

A number of objections have been raised against the Governor's candidacy for this place, some of which have seemed to us fair, and others probably not very fair-or at least not to our knowledge. We select this one from Callaway County as being obviously unfair. It is, moreover, mischievous, for while not flattering to the Governor, it imputes to the vice presidency a weight and importance greatly beyond what we understand to attach to that office. The vice presidency is a joke of such grave profundity that rather than traverse those lugubrious depths the average ambitious man in politics prefers to assume that the President cannot die. To say that Gov. Major is not big enough for such a place is absurd. Denving it does not even raise the question of how big the Governor is.

If Villa has the United States army confused in his mind with the Salvation Army, what happened at Columbus probably will not go a great way toward clearing the matter up for him.

If it is true that Mr. Brandeis made a quarter of a million in fees out of a single case, there still remains to his critics objection to him on account of his wealth.

Very little is said of safety last, but Austria has just declared war on Portugal.

We observe that Mrs. Rose Paster Stokes has her name equal-righted.

GADZOOKS!

Lots of moving going on. Yesterday Wess Yoder moved to Garden City, and Milton Zook moved where Wess lived, and today Christ Kauffman will move where Zeok lived, and Jona King where Kauffman was, and Ed Zook will move where Web Daley

Sunday Levi Zook and family, and Milton Zook any family visited with the writer and family .-

The Mexican report that Villa has taken Texas and New Mexico and that President Wilson has fled to Canada, is probably no funnier here than most of the things we hear of the Mexicans would be to them if they had the same facilities for misinformation.

Getting the army into those mountain fastnesses upon which Panche Villa has retired seems to be about as great a problem as getting our own people to the Art Museum.

If something can be done to imbue the army with the spirit of our Twenty-Eighth Ward Democrats, we have little to fear.

ANSWERS TO QUERIES

HEALTH HINTS.

DOROTHY.—Leucorrhea: Purple pow-der douche; get bottle of 100 2-grain per-manganate of potassium tablets; use ler 2 to a quart, thoroughly dissolved. (It is well to consult a good physician f you can do so.)

L. J. K.—Night sweats: Brace the general health, live in the fresh air, practice deep breathing and eat wholesome food. Drink cold sage tea (one cup) before retiring. The simple remedy of placing apan of water under the bed has ardent advocates, though we do not understand how it does its work. Sponging the body with salt water has also been recommended. When the sweating follows fever it indicates tuberculosis. Sleep in a ventilated room.

HOUSEHOLD HELPS.

ANNA.—If you have properly prepared your dark oak table, finish it with a good grade of furniture varnish.

CONSTANT.—We know of no paint that would not show through if you were to paint on one side of your white shade green. Shades white on one side and green on the other are colored by press work. (Water colors for painting shades.)

READER .- Rye bread: Two cups In-READER.—Rye bread: Two cupf Indian meal made into thick batter/with scalding water. When cold, add small cup bread sponge, a little sugar, salt, and level teaspoon soda. Into this stir as much rye flour as is possible with a spoon. Let rise very light, then, with hand, work in as much rye flour as possible without kneading. Put into buttered tins, let rise half hour, then bake slowly for hour and half, letting fire gradually down during last half hour. Butter crusts when taken from the oven JANE.—Ferns as they come from gradually down during last half hour. Butter crusts when taken from the oven JANE.—Ferns as they come from the florists prepared for indoor culture should be placed in a strons light, though they grow well without sunlight. They should be kept moist at all times. Improper watering, especially keeping the plant soaked or permitting it to get dry, is the foundation of most fern difficulties. It is especially difficult not to overwater when the fern is in a jardiniere, where drainage is necessarily poor. In spring and summer they will require three times the water necessary in fall and winter. It is well occasionally to put them in the bath tub and give them a bath with weak soap suds made from a good grade sap. The soap must be thoroughly rinsed off immediately. Great care must be exercised not to injure the fronds; they are very tender. Ferns should be fed once in two or four weeks in the place of ordinary watering with diute nitrate of soda (a heaping teaspoonful to a quart), or manure leachings. Prepared plant food or a little sprinkling of ground bone and wood ashes also gives satisfaction. (See city directory.)

CHIROPODIST.—No Board of Examners for chiropodists in California.

A. G.—If you are going out of the
saloon business you may sell your stock
without paying anything to the Governnent. It must be the entire stock. SUBSCRIBER.—Widow of Civil War veteran who married him before June 77, 1890, may draw pension. See Room 208, Old Postoffice, Third and Oliva.

H, Natalle, what do you think - cried Kate : xcitedly. "You know that ncle Warren was a very rich man. My! If you should get a big lot of 's true," affirmed her married sis-"Here is an item in the Rossville children and for me, poor, everworked and a nervous wreck! I would go away for one grand stay at the seaside, and get some new clothes-oh, I hope your legacy is something substantial!"

Kate, dear, do not count on it," advised Natalie with a sad smile. "Uncle OLD ENGLISH RECIPE FOR Warren had near family relatives, and CATARRHAL DEAFNESS AND of course they will get the bulk of his estate. I fancy he has remembered me with some trifling memento.
"I'm going to find out. Trust me for

declared Kate determinedly. They were of wide, diverging natures ese sisters. Natalie, patient, tender earted, industrious. Her sister was jusreverse-complaining, dissatisfied cager for some good fortune that would chable her to live without labor. Natali The prompt and positive results was a proficient musician with plane and violin, and gave lessons, paying her was a proficient musician with blanc grasping married sister more than a fair T was a week later when Kate flashed

in upon Natalie at the piano in feverish state of indignation and ex what do you think? I wrote the lawyers f uncle's estate, demanding to know

what they had left you"-"Oh, Kate!" remonstrated Natalie.
"I've got the reply," and Kate waved n open letter in her hand. "All he has eft you is that old clap-trap of a violin e doted over so."

"Oh, Kate: Did he, indeed?" cried Natalie with sparkling eyes. "Why, his prized Carero is priceless! It was his most precious treasure. To think that ne would leave it to me!"

Kate flounced off, ridiculing the extravagant delight of her sister over "a piece of antiquated rubbish!" Natalic fondly thought of the old man's delight in his favored instrument. Ofter, had played to her, and he had even allowed her to handle the old instrument, but tenderly, as though it were an infant in arms. There was a large ntrinsic value to the instrument on ac ount of its maker, age and power of nelodious expression. Natalie, however when the violin duly arrived with a ote from the lawyers of the estate aying that Mr. Warren had expressed he hope the cherished instrument would

There ensued a period of rare deof the violin made Kate angry every ittle old vine-covered bower at one end o, and for hours would draw sweet

" he cried, forgetting that he was stranger; "the divine music! That inument! It came surely from one of he music masters. May I look at it? May I hold it, to know that for a monent at least that I have had posseson of the very soul of melody?

IS fine, statuesque face inspired Natalle with confidence. She opened the little garden gate. She dcomed him as a brother in art. He up the violin with an air of rare evotion and reverence. Then he began play. Natalie sat fascingted. he

as a master. After that he came often to the quiet endezvous. He was a member of ocal orchestra, he told her; his life was devoted to music. Their preferes were identical, they grew to be ends. One day Victor Dalzell came to Natalie in a state of great trepidation 'Oh. Miss Prescott.' he said anxious

"I have a great favor to ack they have placed me on a program for wiolin solo at the great symphony ncert. The leader says it will settle admission to his circle at high comor a single fifteen minutes-the great, dorious Carero-I know I should suc

You will be very careful of the inrument?" she said. "I will guard it with my life!" cried

he delighted enthusiast. "Oh, hor an I ever repay you? And with your presence at the concert, I will bring the ry soul out of the violin!" Natalie sat entranced when Victor, a e concert, began his solo number. All

bout her tense, strained faces told of e general effect of the beautiful m he gifted player was given an ovation, nd the pleased face of the orchestra eader told that the fortune of the young linist was assured. Natalie had gone to the waiting room

hen the program was finished. Victor eas to join her there and accompany er home. Suddenly a scream startled er. The next instant, followed by exited members of the orchestra, the oung musician reeled into the room with bloodless face and staring eyes.
"The Carero!" he shricked. "It is stolen!" and fell senseless at her feet.

DOCTOR was summoned. He looked grave as he felt the pulse and opened the eyelid of the insensible young musician.

"Get him to a hospital at once!" he ordered. "If the strain he is under is not soon relieved he will lose his Natalie heard the others tell of ho

Victor had left the violin unguarded for a moment, to find it gone five min ites later. She sat softly crying to herlowly home when the leader of the rchestra appeared hurriedly.

"You are the young lady to whom the arero belongs," he said. "It is found. seems that the caretaker locked i ip for safety, has just returned and

must hasten to the hospital ce!" fluttereu Natalie. A nurse le

her to a room where Victor sat, mut. "The Carero! The Carero!"

"Mr. Dalzell-Victor," spoké Natalie cremblingly, "we have found the Caero. See, it is here," but he never even looked up.
"May I try an experiment?" faitered

Natalie, and, the nurse assenting, she emoved the violin from its case. Naalle began playing the masterplece of he concert as best she could. Victor started at the first melodious

note. His eyes lost their moody ex-pression. A rare ecstacy came into his face-reason was recalled by the marrelous magic! The Carero brought distinction and

wealth to Victor, and love marriage and happiness to both these talented chil-

CUT THIS OUT

If you know of someone who is trou-bled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you will have been the means of saving so poor sufferer perhaps from total deaf-ness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treat-

secure from your drugsts 1 have a day. This will often bring and adopted to the disease into the middle car, which frequently means total deafness, or else the disease is driven down the air passages towards the lungs, which is equally as dangerous. The following damp English climate as constitutional treatment and should one of the damp English climate as constitutional treatment and should one of the damp english climate conditions.

Secure from your drugsts 1 ounce of Parmint (double strength). Take this home and add to it is pint of hot water and 4 ounces of granulated surar; stirunti dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises, Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint is used in this way as it acts directly upon the blood and a slight onic action that facilitates are ecovery of the patient. The preparation is easy to make, costs little and is please and to take. Every person who has catarry chould give this treatment a trial.

This Quaker Cooker

We have supplied perfect double Cookers to over 700,000 homes, to make Quaker Oats more delightful. They are made to our order to bring out the fullness of the flavor and aroma.

Such a Cooker as this, if sold at retail, would cost more than most homes would pay. But our purpose requires it in every home where Quaker Oats are used, so we ourselves supply it.

Our purpose is this: To create more Quaker Oats users, by making this the best-loved morning dish.

To this end, we use queen grains only in this brand—just the big, plump grains. We get but ten pounds per bushel. That means that two-thirds of the oats as they come to us are discarded in making Quaker Oats. The result is large, luscious flakes. They make this dish doubly-delicious. Yet they cost you no extra price.

These flavory flakes have won the world to Quaker. In a hundred nations this is the favorite brand. Millions of oat lovers send thousands of miles to get it.

Our next object is right cooking, and we offer this Cooker to every home to attain it. But we supply only one to a home.

Get this Cooker next week under this special offer. You want children to delight in this vim-food. You want them to eat an abundance. The way to attain that is to serve Quaker Oats cooked in this Quaker Cooker.

Next week's offer is this: Send us five trademarks—the picture of the Quaker-cut from the fronts of five Quaker Oats packages, standard size, or two from the large size. Send with them only 75 cents, check or money order preferred, and we will send the Cooker by parcel post, prepaid.

For one week-for next week-we reduce the cash payment considerably. For 75c you get this big Aluminum Cooker. But this offer will not be repeated. No requests will be honored unless mailed next week.

Pure Aluminum

Made to Our Order

Extra Large and Heavy

Cereal Capacity, 21 Qts.

Retail Value, \$2.50

Note the grocers who have displays of Quaker Oats featuring the Quaker Cooker. Learn about the Cooker and, if you approve, arrange next week to get it. Please don't forget.

Address-The Quaker Oats Company, 1708 Railway Exchange, Chicago

MRS. A. H. HANDLAN FINDS THIEF IN HER

Manufacturer's Wife Tries to Hold Man, but He Escapes With Purses.

Mrs. Alexander H. Handlan, wife of the president of the Handlan-Buck Manufacturing Co., found a thief in the Handlan apartment, in the St. Regis, King's highway and Lindell boulevard, when she returned from a walk at noon

According to her statement to a policeman, Mrs. Handlan first confronted the man as he held two purses which he had taken from a bureau drawer, and when he started to leave the room she seized his coat sleeve. He jerked away, Mrs. Handlan said, pushed her against a table and ran into the hallway and downstairs.

Mrs. Handlan followed the man, calling for help and hoping that something might get in his way. But while the winding stairs were difficult for him, the thief managed to get out of the vestibule ahead of his pursuer and ran east, turning south on Euclid avenue.

Mrs. Handlan said the purse, which the man thrust in his pocket when she first confronted him, contained about \$30. She refused to talk to reporters

Thief Pretends He Is Jury Server, but

Gets Nothing.

Miss Lucille M. Goerner, 18 years old,

nons for her father, and that he en-ered, pushed her into the dining room and then went upstairs, where she leard him opening and closing draw-

miss Goerner screamed, and the man then returned to the first floor, warned SUITE AT ST. REGIS ther to keep silent, and rummaged the sideboard. He then left the house, and inspection showed that he had taken nothing. No extends were in the rooms which the man visited, Miss Goerner said.

SOCIETY

A NOTABLE wedding this evening will be that of Miss Naomi Davidson. daughter of Mrs. John Davidson of 3307 Shenandoah avenue, and Robert E. Clark, son of Mr. and Mrs. Cyrus E. Clark, which will take place at the home of the bride. Only the nearest relatives and friends

have been invited for the ceremony, as the bride's family are in mourning. The bride will wear a gown of white satin and tulle made with a full short skirt of tulle, with a satin over-skirt and a court train of satin.

Her veil will be of tulle, and she will carry a bouquet of white orchids and lilies of the valley.

She will be given in marriage by he brother, Paul Davidson, and the Rev. Dr. S. C. Palmer of the Second Presby-

terian Church will officiate.

Mrs. Charles Sharp will be matror of honor and will wear her own wedding gown of white satin and will carry a standard basket, like a directoire staff, that is finished at the top with a basket. It will be filled with pink roses and white blossoms. Little Ruth Curby will be flower girl

and will wear a Greenaway frock of white net and carry a basket of pink roses. Briggs Hoffman will be best any so far held in the many unique Mr. Clark and his bride will spend the Irish patron saint.

ADMIRAL BENSON TELLS OF NAVAL **PREPAREDNESS**

Merchant Vessels Under Inspection to Determine Their Fitness for Use.

WASHINGTON, March 16.-Rear Adniral Benson, chief of naval operations, oday told the House Naval Committee n minute detail of the preliminary work of preparing the navy for an emergency. The naval militia, he said, is being brought constantly into closer touch with navy ideas; merchant vessels are under inspection to determine what private craft would be immediately availbureau is informed exactly as to what it would have to do with these vessels. Repairs which would make them effect tive would last from a few days to sev eral weeks, he added.

Admiral Benson sounded a warning against adopting the submarine ideas of the present war.

"We have learned something from the European war," he said, "but we should be led astray by the conditions under which the submarine warfare abroad

Aboar, for geographical and other rea-sons, he said, there are conditions influencing the submarine warfare that any war in which the United States may

Aviation developments, he said, were progressing slowly and conservatively. Sixteen aircraft are in commission a Pensacola. Twenty-five more are ordered and 25 extra motors. Reports from Pensacola were most encouraging in results and enthusiasm of personnel

"I am largely responsible," he said "for cutting the aviation estimate \$2, from the \$5,000,000 or larger amounts proposed by others. I did not and do not believe that we should spend a large sum of money in developing aircraft, carrying vessels and dirigibles and other aircraft that would divert at-tention from the vital problem of using aircraft for scouting in connection with the operations of the fleet."

GIRL SUES FOR ADMISSION TO THE TEACHERS' COLLEGE

THE END OF A BIG OPPORTUNITY IS IN SIGHT

We shall soon have to stop the sale at present prices of the

very successful "HANDY VOLUME" issue of

The Encyclopaedia Britannica

Chicago, Illinois.

We regret that we must give you notice that when the supply of the Handy Volume issue of the Encyclopeedia Britannics now in our hands, printed and bound, is exhausted, we shall have to advance our price to you because an account of the war the cost to us of everything connected with the making of this book has advanced materially,

Paper has advanced from 25 to 40 percent, according to the grade; Leather from 28 to 100 percent, and in one case, Seal leather, we actually cannot get enough to bind 500 more sets of books. Binders beards have advanced 49 percent, and beaides the actual cost of raw materials, the cost of labor

Our contracts with the paper manufacturers, printers and binders were made before the war started. If the war con-tinues there will be a further advance in mammiracturing cost and therefore an increased price to you. We are giving you this notice so you may act according to your best judgment.

Yours very truly,

THE ENCYCLOPARDIA BRITANNICA CORPORATION

↑ LETTER from the Publishers of The Encyclopaedia A Britannica reproduced on this page tells the reason. We are the sole distributors of these popular-priced sets. We can sell them at the present wonderfully low prices only because the Publishers were able to get the raw material for the first printing at phenomenally low prices.

Now raw materials are up and manufacturing costs are high. Now the manufacturers are charging the publishers these greatly increased costs. (See the publisher's letter.) Now the publishers can supply us with no sets, beyond the present stock on hand, at the prices of their present contract. Now we cannot continue the sale to the public at the present prices beyond the time that the present stock will last.

There are many people all over the country who have decided to buy the new Encyclopaedia Britannica in the Handy Volume form, but haven't got around to it yet. They know it's a bargain. Many of them have seen the books and know they are all right. They have read our guarantees and see that there is no possible risk in ordering this splendid library of reference, at a bargain price, on a first payment of only \$1.00, and small monthly payments.

Now is the time for people like these to act. If you belong to this class, let us urge you to order now and be sure of getting your set quickly and at the cheapest price.

Write to Us Today for a free copy of a Book of 100 Wonders

F you have not read our previous advertisements; if you are not familiar with the details of this bargain; if you have not seen the actual "Handy Volume" sets of The Encyclopaedia Britannica; if you have not heard the enthusiastic praise of those who have bought and have used them; if you have not made up your mind to buy a set; if you have any doubts about your needing the Britannica-there is still time for you to find out, for you to make up your mind, and for you to order your set before the prices advance. But you must act quickly. The publishers have made a beautiful new book telling all about the Britannica and especially all about the "Handy Volume" sets. This "Book of 100 Wonders," of 132 pages, with 200 illustrations, is full of interesting information. It tells you the

difference between the two issues of the Britannica-large volumes and "Handy Volumes." It contains an illustrated history of the Britannica, going back seven years before the beginning of the American War of Independence, and giving pictures of many famous contributors, especially to the latest edition. This free book that we send you-shows you what the pictures, maps, and reading matter in the "Handy Volume" are like. It tells of the usefulness of the Britannica in the home, for women, for children - the varied interest and charm and value of this great library. It shows you how the Britannica will answer all sorts of hard and useful questions, such as-"Why is the moon cold?"

- "Why does a razor edge get dull?"

"Where does the Gulf Stream stop?"

"Why does dynamite explode?"

is an attractive work as well as informing; that it is full of practical matter, helpful and necessary to every one; that it is useful to the college graduate, to the man or woman who has had little schooling and to the boy or girl in the grammar grade.

And it gives you proof that the Britannica

of the Post-Dispatch.

WASHINGTON, March 16 .- Secretary Daniels has given out for publication letter from Col. L. W. T. Waller of the Marine Corps with regard to an inter view on the campaign in Haiti in which Col. Waller was quoted as saying that the number of Haitians killed by the American forces numbered more than 500. Col. Waller, who was in charge of he marines in that campaign, denies that he gave any such interview and says the Haitiens killed, as reported by is subordinates, numbered fewer than

In concluding his letter the Colone wrote: "Permit me to say that I have some reason to believe that the story as intended to injure me at this time.

Eager Crowds at Ideal Clothes Shop. The value of newspaper advertising was demonstrated today when the Ideal Clothes Shop, Seventh and Olive streets, had its formal opening for St. Louis discriminating dressers. Notice of the formal opening had been given through newspaper advertisements, and the two floors were crowded by "young men and men who stay young," who came to view fashion's latest decrees in men's apparel.

The Ideal Clothes Shop is making specialty of high-class goods, which will carry out the name of the store-"Ideal." Special efforts will be made to fit each patron with the exact clothes which will suit his personality. Garments of all weaves and textures are shown, many of them being new designs of charming appearance. The man who is generally hard to please will find easy to get the right suit here for the Easter parade.

TAX PROTEST WILL BE MADE TO STATE BOARD ON MARCH 27

Extra

ents for Conference With Auditor Gordon.

Alderman Barney L. Schwartz hairman of the aldermanic commite appointed to try to have tax asssments equalized between St. Louis nd the countles of the State, asked tate Auditor John P. Gordon by ong distance telephone today wheththe State Board of Equalization. f which Gordon is a member, had sposed of the county assessments approving them. Gordon told him hat the assessments had not been disposed of and that the board would he glad to listen to any suggestions the committee might make.

It was arranged for the committee call on the Board of Equalization n Monday, March 27. The commitee will be accompanied by representative business and civic organiwations. The Business Men's League will send a committee of five, headed by Edward Hidden. Arthur Stochr, president of the Tenth Ward Imrovement Association, will head a elegation from that organization. The State Board will be asked to norease the basis of assessment in ne counties, which in some instances

is as low as 10 per cent. The basis in CITY TO GET \$30,000 YEARLY RENTAL FOR USE OF TRACKS

erminal Accepts Terms Offered for Right of Way of Old Transfer Rallway.

William McChesney Jr., president of the Terminal Railroad Associaion, today notified Public Utilities Director Hook that the Terminal will accept the terms offered by the city for the use of the river front tracks of the St. Louis Transfer Railway between Ferry street and Arsenal These tracks recently were taken

over by the city when the Transfer Railway Co.'s franchise expired. It is agreed that the tracks be valued at \$600,000, and that the railroads using them pay 5 per cent of this amount, or \$30,000 a year rental. The roads also will pay the maintenance cost.
In compensation to the Terminal the city has issued a permit for the vacation of certain streets in the Ranken tract. McChesney asks that this permit be made permanent by ordinance. He has taken under adrisement the city's request that it be permitted to use the Terminal's tracts the terminal system of the Fre

Make the Best Medicine at Home-128 Teaspoonsful for 50 Cents.

Money spent for the old style, lieve the worst cough or cold, Bronreadymade medicine usually sold in
bottles holding by 2 to 2½ cunces
(16 to 20 teasp infuls) is largely
wasted, because more of them are comwasted, because mon of them are composed principally of sugar and water. Yet you have to pay the same price as if it were all medicine. Stop wasting this money. You can make a better remedy for bronchial affections, at home at one-fifth the cost. Merely go to (Wolff-Wilson Drug Co.) and ask for 2 ounces (50c worth of Schiff-mann's New Concentrated Expector. ask fon 2 ounces (50c worth of Schiffmann's New Concentrated Expectorant, which they guarantee will give perfect satisfaction or money will be refunded. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (128 teaspoonsful). This new, simple pleasant remedy is guaranteed to re-

Druggist Says -**Black-Draught Best**

M. R. Flowers, druggist, of South Creek, N. C., writes this letter: "I have been afflicted for many years and have tried many sorts or kinds of medicine for indigestion, but the Black-Draught excels all medicines I ever tried. I went to using your medicines when I ate anything it would soon feel as though I were loaded down with rocks in my stomach. . After using your preparation my stomach feels like a new one.' If you suffer from indigestion, from a stomach that seems "loaded down with rocks" after meals, this druggist's experience must carry conviction of the merit of this purely vegetable preparation, Thedford's Black-Draught. Mr. Flowers used many remedies and then says: "Black-Draught excels any I have ever tried."

Why don't you try it? At all druggists—25 cents a package.

Stars From Champaign Will Now Be Able to Appear in Events as Announced.

8 CHAMPIONS TO BE SEEN IN M. A. A. MEET

TED MEREDITH — National A. A. U. 440 champion, 47s.; Intercollegiate 440 and 880, 48s. and 1m. 542-5s. IVAN MYERS—Western Con-ference mile champion, 4m. 191-5s.

BINGA DISMOND — Central A. A. U. 440 champion, 49s.; Western Conference 440 cham-pion, 49 1-5s. JOE LOOMIS—National A. A. U. 100 champion, 9 4-5s. JOIE RAY—National A. A. U. one mile champion, 4m. 231-5s.

F. W. FLOYD—Western Conference pole vault, 12 ft. 6 in.

BOB SIMPSON — Western Conference 120 yard hurdles champion, 15s.; Missouri Conference 120 hurdles, 15s.

F. K. FOSS—Intercollegiate pole vault champion, 12 feet (has done 12 ft. 9 in.).

It was announced this morning by President Wilmore of the Illinois Alumni of St. Louis that the Illini track stars, as well as the band of 100 pieces would be here for the M. A. A. relay carnival on March 25. Wilmore re-President James of Illinois University The latest development is the cause

of a night letter sent to President James last night by the local alumni explainlast night by the local alumni explaining the situation.
Yesterday the council of administration handed down a verdict not to allow Coach Gill's stars to come because the competition was not limited to universities. The ruling of, President James and the efforts of the local Illinois alumni take a heavy load off the shoulders of the Cherry Diamond officials, who were a bit up in the air following the announcement.
This means that Culp, the pole vaulter: Ames, the hurdler, and Capt. Mike Mason, one and two miler, will be here for the invitation events.

Hutsell to Visit Schools.

It was announced this morning by Tom Watts Jr., chairman of the athletic committee of the M. A. A., that Coach Wilbur Hutsell would depart tonight for a swing around the western universities to boost the meet. Champions of the East will mingle with title-holders from the West in the indoor relay carnival of the Missouri Athletic Association to be decided at the Collseum on March 25. When the final entry lists are given out there will be no less than eight athletes among the names who have some kind of a title to their credit. All these champions will appear in the different invitation events. Three of them, Ted Meredith of Pennsylvania U., Joe Loomis and Joie Ray are National A. A. U. title-holders, having gained these honors in San Francisco last summer. The other five have college titles to their credit. Tom Watts Jr., chairman of the ath-

er five have college titles to their credit.

Of the entire number of athletes who will compete for leading honors here, probably the most noteworthy one is Ted Meredith. At Frisco last summer Meredith won the 440 in 47 seconds flat. The Penn flyer also holds the Intercollegiate 440 and 880 titles. He's the greatest middle-distance man in the country to date.

Only last Saturday in the Meadow-brook meet held in Philadelphia Meredith broke the world's indoor record for 650 yards, when he did the distance in Im. 21 2-5s., clipping two seconds off the former mark set by himself a year before in the same meet and on the same track.

Set Record Last Saturday.

Set Record Last Saturday.

Meredith is scheduled to start in the invitation 440 here, and in this

the invitation 440 here, and in this event he will be opposed by another champion, Binga Dismond, the negro crack of Coach Stagg's Chicago U. team. The maroon fiver holds the Central A. A. U. and Western Conference titles, with times of 49 and 491-5s. respectively.

Dismond owns one victory over his rival this winter, and is anxious to add another. To date they are the only two starters who have been named for the 440 on the Cherry Diamond program.

Two cinder path stars, who have titles to their credit, are scheduled to start in the invitation mile. They are Jole Ray and Ivan Myers. Jole Ray last summer created a sensation when he beat Norman Tabor and Abel Kiviat the Eastern star, in the mile at the A. A. U. championship in Frisco.

While Ray's victory in Frisco was a surprise it was no greater than that of Ivan Myers, the Depauw U. star, who landed the mile in the Western Conference meet in the record time of 4m. 19 1-5s. John P. Nichelson, the St. Louis boy coached the Greencastle team and his protege Myers, proved the real sensation of the meet.

Bob Simpson Is Coming.

Another title holder is Bob Simpson, the Missouri U. student, who claims both the Missouri Valley and Western Conference 120-yard championships. The Tiger star did 18 seconds flat in this event in both meets. Mo'il be opposed by Packer, Ames and Starr at the Collegum.

Jackson to Manage Peoria.

PENNY ANTE: Kidding the Losers

ST. LOUIS POST-DISPATCH

Hunt Is Also Contingent on

Crawford's Ability to Outwit

Father Time Another Year.

Cobb additional time in which to report. Crawford is building a

home in Detroit and he, too, will be late in reporting. Both condition quickly, even despite Craw-

ford's age, which is conservative-ly estimated at 36.

And it is around this same per-son, Crawford, that the Brown

players figure Detroit's chances.

We heard it often at Palestine:

We heard it often at Palestine:
"Big Sam is due to slow down."
He fell out of the 300 class last season, for the first time in eons, although he didn't fall far. Just to the 299 mark.

However, Crawford is next to Wagner and Laiole in length of service in the big show, pitchers excepted, and it is logical that we should figure on his fall and decline soon.

we should figure on his fall and decline soon.

The Detroit camp followers are loud in their praise of a young-ster who is destined to fill the first hole on the Jungaleer's outer defense, when the time comes. This particular person is now a member of the club, they say, and is none other than Hellman, a right-handed hitter who

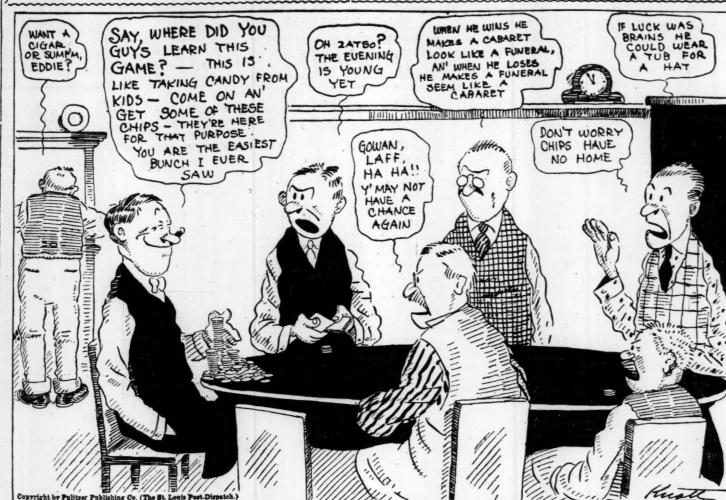

say, and is none other than Hellman, a right-handed hitter who batted .320 on the Pacific Coast last season. Hellman was with Detroit before and was farmed out for further seasoning. He looks ready for actual service now, having the speed and the eye to hold his own in the big tent. George Maisel, brother of the famed Fritz, is another promising recruit, and may endure the coming season as first infield sub. He's bigger than his older brother, attaining an altitude of 5 feet 11 inches, and weighing 180 pounds. He played with Soranton last season and led the league in base-running.

However, there's no chance to

enthuse over anybody but the old

and it's a copper-riveted cinch.

barring accidents, there will be no new faces in the lineup, except By Jean Knott

Detroit's Pennant Hopes Rest Entirely on Ability of Jennings' New Hurlers

Tigers, Except for Second-String Pitching Talent, Have a Stand-Pat Organization of 1915 Veterans.

By W. J. O'Connor. Staff Correspondent of the Post-Dispatch. WAXAHACHIE, March 16.

ETROIT'S pennant chances for the coming season must be estimated by the strength of the opposition. Detroit has the same personnel as last year, with the possible, but improbable, exception of better second-string pitchers. Jennings took 10 right-handers and four southpaws to this camp, one of the best I have visited in

But there's no chance of any-body dynamiting their way into the outfield, which is guarded by Cobb, Crawford and Veach, unless, of course, the ancient barber in right field, who is serving his fourtenth term with the Jungaleers slips. The infield will be manned by Burns at first, Pep Young at second, Bush at short and Oscar Vitt on third. Stanage, Baker and McKee are the catch-

All efforts of the manager and his able assistants, Jimmy Burke and Billy Sulivan, who was with Jones in the halcyon days of the White Sox reign, are being made to unearth a pair of dependable pitchers. That's what the Tigers need most.

That's ALL they need to be rather a lack of it-beat the Roy-

For the coming campaign Jennings has the well-known tribe of Dauss, Dubuc, Boland, Coveleskie, James and Lowdermilk. He has hopes for James. He thinks Lowdermilk will be some help in the spring; but neither of the ex-Brownles are the class to which any manager would pin pennant hopes. Both are wild and rank in-and-outers.

New Pitchers Numerous.

The new collection of hurlers includes Cunningham and Marshall, who hall from Chattanooga; shall, who hall from Chattanooga; Erickson, who was purchased from Rochester after he had signed with the Brookfeds, and Smithson and McTigue, southpaws, from the International League. Oldham, another southpaw, and Boehler, a right-hander, are second-string men who were with the club last season. They were of inferior caliber in 1915.

Of the newscomers Cunning.

Of the newscomers, Cunning-ham and Erickson look best. Billy Sullivan is working hard with this pair, and believes he will be able to make them stick. However, neither shows as many ear-marks of a winner as George Allen Fincher or Ernest Koob, the debutante Brownies.

In fact, Jennings rues the day that Koob got away from the Detroit club. "If the Kalamazoo club had protected its rights we would have Koob," said Hughie. "We bought him from Kalamazoo, but found that the latter club only had a verbal agreement with the Tpeilanti star."

with the Tpsilanti star."

It is only natural that Jennings should sing such a lament, Koob is far and away a better prospect than anybody I saw in the Detroit camp. Indeed, with Cobb and Crawford missing, there was little to interest one in the Tigers. The absence of two such battering rams as Tyrus and Sam strips Detroit of almost all its attractiveness.

Leaders' Methods Contrasted. There's a vast difference in the physical appearance of the De-troit and Brown camps. Jennings and Jones are in sharp contrast. Hughis leaves most of the actual work to Burke and Sullivan, while he directs matters from afar—on the bench. Jennings believes in sliding pits and promotes a game of indoor baseball for his pitchers. He says the chances of a hurier getting a finger busted are too great in the

Bromilow Still Able to Win at Ripe Age of 34

New York Athlete Started His Career as a Schoolboy 19 Years Ago.

NEW YORK, March 18.-Father Time has counted the days of many athletes, but one sturdy lad of the cinder path has outwitted the old fellow. He is Joe Bromilow Jr. of the Irish-American

A. C.
Old Man Bromilow, as he is known to his teammates, has been running for nearly a score of years. And despite the fact that he is almost 34 years old, he is a better middle distance runner, even now, than three-fourths of the men who specialize at this distance.

Bromilow ran against four of the fastest men in the country in the 500-yard special for the Metropolitan Association championiship at the Central High School games at Newark.

ship at the Central Figure 1988.

Newark.

In the following story Bromilow tells some facts about his athletic career and how an athlete can always keep in condition:

The only recipe I can give to keep in condition is to abstain from smoking, alcoholic beverages and take plenty of outdoor holic beverages and take plenty of outdoor exercise.

In the winter time, I do lots of walking, and when the weather is warm I maintain my condition by swimming and running. I started my athelic career as a school-boy in 1807 and have struck to the sport eerstand to be a supported by the same and find it healthful.

Three years later I secured my membership card from the Amateur Athletic Unidu. Since then I have won about 60 first prises, and 150 seconds and just as many thirds. I cannot say how many races I have run, but it is a sure guess to say over 500.

My victory should be considered a tribute to clean living. I intend to compete as long as I retain my legs and wind power.

Blankenship Wins From Allen and Is Now Favored to Win "Pool" Championship

to Win 'Pool' Championship

CHICAGO, March 16.—Victories by Emmet Blankenship of Detroit and John Layton of Sedalia in the world's pocket-billiand tournament kept them in the running for the championship emblem, while a defeat for Frank Taberski nut a crime in defeat for Frank Taberski nut a crime in the chances dies in his path by defeating Champion Bennie Allen, 100 to 80, in 17 innings, Layton trimmed Joe Concannon, 100 to 69, in 41 innings, and "Cowboy" Weston defeated Taberski, 100 to 85. In the final game Edward I. Raiph outplayed Milke Petrie, 100 to 19.

Greenleaf, 7 2 Petrie, 4 5 Taberski, 6 3 Weston, 4 5 Taberski, 6 3 Weston, 4 5 Layton, 7 3 Fink, 3 5 Clark, 6 5 Chapman, 11 Mature, 5 3 Concanno, 5 7 Raiph, 6 5 Chapman, 11 Mature, today: Afternoon—Mature vs. Concannon; Petrie vs. Fing. Evening—Greenleef vs. Clark: Blankenship vs. Weston.

WILLARD WILL BE IN CONDITION, ON

Critics Inspect Champion and Find He Is Rounding to His Best Form.

NEW YORK, March 16 .- Charley Doessrick, matchmaker and manager of he Pioneer Sporting Club, smiled broadly yesterday when word came from Albany that the 30-day suspension meted out to his club by Fred Wenck over the Al Reich incident last Saturday had been raised.

Ten minutes later he had devised a plan to keep the two bits flowing into plan to keep the two bits flowing into the till for the few afternoons left while Jess Willard is training at the club for his bout with Frank Moran in Madison Square Garden on March 25.

In short, this plan involves putting on a six-round bout each afternoon, presumably between preliminary boxers, to the end that the attraction of having the champion at work either before or after should not lose its commercial advantage.

after should not lose its commercial advantage.
Willard went three rounds with Rodel and two each with Hemple and Monahan, and they kept him on the jump every minute. All three adopted, so far as possible, Frank Moran's style, and Rodel devoted much of his time to infighting. The champion was in no distress at the end of the work, and is showing marked improvement in condition each day. One could not help but agree with Tom Jones, who once more reiterated: "He'll be ready, one week from Saturday night."

Coffey Calls on Moran.

Jim Coffey went a-callin' yesterday. He dropped in on Frank Moran at Dal Hawkins' camp, way up in West-chester. The Dublin Giant had as body-

WE'VE seen a lot of magnates in our

And brought the bacon home in one world series; And though it happened many years We love him still, should there be any queries.

Then here's to the good "Old Roman,"
may his shadow never fade!
He's a royal sporting fellow of the
very highest grade.
We doff our hats to Commy, and we
hail him as a Prince—
He won us four straight pennants, and
we haven't had one since.

The Halcyon Days.

Here's to Him.

The Halcyon Days.

C OMMY'S career, after leaving St.
Louis, was more or less checkered. When he acquired the American
League franchise in Chicago he resumed his pennant winning habits and soon grew wealthy. But when the Old Roman got rich and started to spend his money for players, he stopped winning pennants. Commy won four pennants for St. Louis with never more than 12 men on his team, and copped three rennants and one world's series for Chicago with a bunch of windjammers who were the joke of the batting world. So, as long as Commy continues to spend his money for starballplayers and de luxe special trains to waft them to and fro, the other magnates need not worry about the White Sox winning any pennants. But if the O. R. ever benches the check book and fountain pen and gives his undivided attention to baseball, then it will be time for them to worry.

Discrimination.

The Smoke of Men Who Win

A fresh-rolled "Bull" Durham cigarette almost says "Speed up!" right out loud. Keen-eyed, clear-headed young fellows smoke "Bull" Durham because it has the sparkle and the "punch" -the youthful vim and vigor. Every time you "roll your own" with "Bull" Durham you open the door to Hustle.

GENUINE

SMOKING TOBACCO "Bull" Durham is unique among the world's tobaccos. It is distinguished from all others by its wonderful mildness, its delicious A . k for FREE package of "papers" with each 5c sack. mellow-sweet flavor and its distinctive aroma.

That's because it's made of the very choicest of rich, ripe Virginia-North Carolina "bright" leaf—the smoothest and mellowest tobacco in the world.

You get a lively smoke and a satisfying smoke when you "roll your own" with "Bull Durham."

Carl Morris May Not Be a Dead One, but He Can Put Up a Stiff Argument

5 BROWN HURLERS PLEASE JONES BY

Weilman, Davenport, Groom, Fincher and McCabe Could Pitch Tomorrow.

Failure of Cuban to Report Earns Him Displeasure of Team's Manager.

pecial to the Post-Dispatch.
PALESTINE, Tex., March 16.—"I have nine innings today," said Manager
Fielder Jones of the Browns today in
discussing the condition of his club.
Jones would not name the hurlers that
he considers ready, but it is known that
he is impressed with the showing made
recently by Bill Fincher, the Little
Rock recrult: Bob Groom, Carl Wellman, Dave Davenport and Tim McCabe.
Were the Browns called upon to meet
a formidable foe now, it is certain that
these pitchers would shoulder the burden. The others are physically fit; but
Ernie Koob; Earl Hamilton, George
Baumgardner and Tom Phillips are still
compialning of soreness in their shouldiers.
Jones says he will give out today the said Manager

Weather Hinders Workouts.

"I am disappointed that the weather during the last two or three days hasn' been as good as during our first week in Palestine," said Jones this morning. "It is terrible for a ball player to work out in a wind like that which has been out in a wind like that which has been blowing since we came back from Houston. But for this same wind I believe all the men would be in first-class shape for the senson. It has kept some of the boys, chiefly some of the bitchers, from getting their arms in good trim. I hope to have the men get some good work-outs on the way north, though, and by the time we reach St. Louis we should have no excuses to offer as to our condition."

Marsans Is "in Bad."

As predicted in the Post-Dispatch se eral days ago, Jones is going ahead with plans for his team without a thought of Armando Marsans, the Cuban outfielder. Four days after Marsans was expected to color the Browns, Jones received a letter from the Cuban, saving that his father's filmes had kept him from Joining the club. The kexcuse didn't the a hit with Manager Jones, who will be him from Joining the club. The come as the come as the come as the come as the come the come of the property of the from Cuba possible of pay his own fare from Cuba possible of the farman before the club reaches St. Louis, sarsans before the club reaches St. Louis, and the suggisting of the Browns in the last couple of days has been heavy. In the two games played in the last two days, the squad has compiled a total of 102 base hits. Almost one half of these have been for extra bases.

Swim Tryouts Saturday.

held in Chicago the latter part of this months will be held at the Missouri A. A. Saturday night. Swimmers who have never won a first, second or third in senior competition are eligible. The M. A. A. probably will have a dozen entries, the only incligibles being Herman Laubis and Chauncev Heath.

DOAK, SALLEE AND | C. A. C. TEAM IS AMES ALMOST FIT TO START SEASON

leteran Cardinal Pitchers Are Further Advanced Than Hug's Rookies.

By a Staff Corespondent of the Post-Disputch.

SAN ANTONIO, Tex., March 16 .-Miller Huggins resumed at the old stand today, and prepared his forces for a twin engagement this after-noon, the regulars antagonizing the noon, the regulars antagonizing the local Texas Leaguers, while the scrubs go to Fort Sam Houston to entertain the remnants of Gen. Funston's army. Yesterday's layoff had the desired effect on the cripples. Cornan and Bescher regained the use of their arms, while Frank Snyder noticed a slight improvement in his shoulder. It was too cold today, however, for the players to take any chances, and they leisurely went at their work in both the matin and vesper assignments.

both the matin and vesper assignments.

Although the opening game of the spring series is only 10 days hence, thug steadfastly refuses to indicate how he will line up his men.

'It's no cinch that Bescher and Snyder will be in shape to play," said he today. "Further than that I'm not sure that my young pitchers will be ready. Just now Doak, Sallee and Ames are in better shape than any of the recruits, and for that reason I can't give you even a hunch on who will work. If things shape up properly I may start the youngsters against the Browns, but I will make every effort to win the series."

Cosy Dolan Is Warned.

There was further parley today with Cozy Dolan, who is in Oshkosh, moth stoth—according to some critics—must have given very little in return for the two-bits his managers were charging fans who visited his New York training quarters.

One New York fight fan, after viewing Jess' training work, was favorably impressed WITH LES DARCY.

One look at Jess convinced Mr.

Fan that the Australian middle-

friend objected. "I don't care about that," the obstinate one replied. "He can box rings around Willard and can hit as hard as the title-holder. He would have stopped Ketchel in a whiff. Any fighter who comes to Darcy will be beaten." Which is a very uncompilmentary view. Which is a very uncomplimentary view of take of the biggest thing in ring hisory—Mr. Willard. Should they meet the following disparities would exist between the men: he Phils. In fact, critics who pick Moran's men to run as good as fourth are the exception.

The Phils, in this respect, set a rec ions of one-year rule favorites the ext. "Lucky break" was the term ap-illed to Moran's achievement last year.

Old Man Dope doesn't hold with this entirely. No club could take the lead early in the reason and stand off the successive challenges of all other clubs in the organization, if it did not have SOME claim to class. Moran's club played determinedly, if not brilliantly; and the punch to beat them was lacking in all rivals.

Moran's failure to materially strengthen his hand while nearly every other National team has increased its efficiency, is the main reason for backenpping the pennant winners, this spring.

VISITOR LIKES ST. LOUIS FOR 'AD' MEN'S CONVENTION IN 1917

our Other Newspapers Follow Post Disputch Offer of \$1000 to Have The Advertising Club of St. Louis

was addressed vesterday afternoon at it headquarters in Lippe's Cafe by W. S. Flores of Indianapolis, secretary of the Associated Advertising Clubs of the World, who was here to investigate the facilities of St. Louis for handling the 1917 convention. St. Louis is one of several cities contesting for this convention and Florea's report to the Executive Com-mittee is likely to have a big influence on the decision.

Flores declared that he felt sure the convention would be properly bared for in every respect if it comes here. He said the Washington Uni-versity buildings, where it is proposed te hold the sessions, are on one of

He declared the advantage to St Louis from this convention would be greater than that of the Democratic National Convention. He said it would bring probably 10,000 persons to St. Louis, including members, their wives and suests,

George M. Burbach, advertising manager of the Post-Dispatch, who can be chairman of a special committee on financing the convention, anneed that since the Post-Dispatch made the first pledge of \$1000 three starts weeks ago, the four other English are rester weaks ago, the four other English are rester weaking a total of \$5000 from the newspapers. The general search of the semenal of Because the grave caved in twice on the men who were preparing it, the funeral of John Neuenschwander of Edwardsville was "delayed five hdurs yesterday,"

"I'm not going to have my dress sui on, if that's what you mean, ' said Mr

"I'm not going to drag you to any highbrow affair. All I meant was it you and I couldn't go off together to-night for a little innocent amusementhave dinner together at some good place and then go to a good show.
"I'd like to," said Mr. Jarr, "but I

guess I better go home for dinner. I'm in Mrs. Jarr's bad books as it is and I had better square myself."
"Now, there's the biggest mistake

married man can make." said Mr. Ran "They'll be just as mad at you if you don't go home early, and if you stay out late they get worried and think they're driving you from home, but if you give in too much they just impos

"To tell you the truth I haven't any money," said Mr. Jarr. "I gave it all to Mrs. Jarr, and then" "And then she started on you. They always do it after they get the money," remarked Mr. Rangle. "Well, I'm too

wise for that play."
"What's your wife sore at you for?" ssked Mr. Jarr. "I suppose she thought you were holding out too much, so what's the difference?"
"Maybe you're right," said Mr. Rangle,

"but, anyway, I've the price of a night off to the good, so come on." "Tell you I can't pay my share," re-marked Mr. Jarr. "This isn't a Dutch treat," said Mr.

Rangle, genially. "I want company. I'll blow you to everything."
"All right, if you'll let me de the same next time," said Mr. Jarr.
So they went to dinner together, and they had a very good dinner, with wine, and Mr. Rangle paid.

They got a taxicab and rode around

and Mr. Rangle paid.

They got box seats at a good show and Mr. Rangle paid, and he bought high-priced cigars and other refresh-ments at lib. and they came home in a taxicab.

Mrs. Jarr was sitting up, with a shawl around her, reading a book.
"I suppose you think you are rerenging yourself on me," she began. Well, you are not. But if you think you are acting in a manly manner you are much mistaken. Leaving your wife and children perishing with cold, for we haven't had any heat all day, and en I called down to the janitor he aly gave me impadence, while you ere out spending your money on that

"Now, my dear," said Mr. Jarr humy, "I would have come home, but I not come home when you are cross a:
"Where are you going?" me. What is my home to me when the best little woman in the world is cross

"Oh, please don't start that?" replied
Mrs. Jarr frigidly. "If you choose to
waste your money on men like Rangie
"Sure, an' if I get is each I shall not
head."" opened in the shall not nd let your family perish from cold ou may do so. And I know you DII) d your money on him!" Well, he's a good fellow-why not?"

Jarr answered. "But as a matter fact, he did all the treating."
"Well, it was about time," said Mrs "Yes, and I borrowed 10 from him,"

A Message to Thin Weak Scrawny Folks

Easy Way to Gain 10 to 30 Pound Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say. "I can't understand why I do not get fat. I cat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the ess your digestive organs assimilate the fat-making elements of your food instead

of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the fills and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like fatty materials of which it is being deprived by the failure of the alimentary oanal to take them from the food. A splendid way of working to overcome this sintil waste of flesh-building elements and to stop the leakage of fats is to try sargol, the famous flesh-building agent that has been so widely sold in America in recent years. Take a little Sargol ablet with every meal and see if your cheeks don't quickly fill out and rolls of tim, healthy flesh form over your body, swering each bony angle and projecting point. A Pair of Snuffers.

MAN holidaying in the Highlands A MAN holidaying in the writing a was engaged one night in writing a letter in a humble abode, where he had obtained accommodation. The fluttering candles annoyed him and he called out: "Mrs. McPherson, can you give me a pair of snuffers?"

"A pair o' snuffers?" repeated Mrs. McPherson, somewhat bewildered. "Weel I'll dae my best."

In a few minutes there was a commotion outside. Two stalwart figures shuffled in, followed by Mrs. McPherson. "This is Donald McDougall," she said.
"and this is Dugall McDonald. I dinna ken what ye want wi' them; but I'm thinkin' the two o' them tak' mir snuff than any ither twa in the parish.

He Spoke Too Fast.

N o doubt the doctor spoke rashly.

An inquisitive niece, seeing him return from the funeral of a wealthy patient, innocently inquired:
"Uncle Tom, do you attend the fu-

nerals of all your patients who die?" "Good heavens, no," said the doctor, "Do you suppose I have nothing to do but go to funerals?"

Doubtful Recovery.

THE lusty-lunged itinerant auctioneer was holding forth in the market

Taking up a box of cigars, he shouted at the top of his voice, "You can't get better, gentlemen! I don't care where you go, you can't get better?"
"No," came a cynical voice from the back of the crowd, "you can't. I smoked last week, and I'm not better vet."

A Sport. SHE: And don't you go in for spor of any kind?

He: Oh, yaas, don't yer know. I'r
